

Notice of Meeting and Agenda Ordinary Council Meeting 24th August 2019

NOTICE OF MEETING

The next Ordinary Meeting of the Council will be held on 24th August 2019 in the Community Hall, Yurkla Way in Eucla, commencing at 9:00am to consider and resolve on the matters set out in the attached agenda.

All meetings are open to the public, except for matters raised by Council under "Confidential Items".

Members of the public may ask a question at an Ordinary Council meeting under "Public Question Time".

A handwritten signature in black ink, appearing to read "Peter Fitchat", is written over a faint, light-colored signature line.

Peter Fitchat
Chief Executive Officer
20th August 2019

Notes to Agenda

PLEASE READ THE FOLLOWING IMPORTANT DISCLAIMER BEFORE PROCEEDING:

Any plans or documents in agendas and minutes may be subject to copyright. The express permission of the copyright owner must be obtained before copying any copyright material.

Any statement, comment or decision made at a Council or Committee meeting regarding any application for an approval, consent or licence, including a resolution of approval, is not effective as an approval of any application and must not be relied upon as such.

Any person or entity who has an application before the Shire must obtain, and should only rely on, written notice of the Shires decision and any conditions attaching to the decision, and cannot treat as an approval anything said or done at a Council or Committee meeting.

Any advice provided by an employee of the Shire on the operation of written law, or the performance of a function by the Shire, is provided in the capacity of an employee, and to the best of that person's knowledge and ability. It does not constitute, and should not be relied upon, as a legal advice or representation by the Shire. Any advice on a matter of law, or anything sought to be relied upon as representation by the Shire should be sought in writing and should make clear the purpose of the request.

AGENDA for the ORDINARY Meeting of the Council to
be held in the Community Hall, Yurkla Way in Eucla on
the 24th August 2019 commencing at 9:00am

1 Declaration of Opening and Announcement of Visitors.

The Shire President welcomed all in attendance and declared the meeting open at

This Ordinary Council Meeting will be video recorded to assist in the preparation of the minutes of the meeting.

The Shire of Dundas recognises the Ngadju and Mirning People as First Nations People in the Shire of Dundas, acknowledging them as traditional custodians and pay our respects to their Elders, past, present and emerging.

1.1 Attendance at meeting by Councillor JEP Hogan.

The Shire President has been advised that Cr Hogan will be in Norseman, Western Australia when the meeting is held and has requested attendance by way of instantaneous telephone connection with other Councillors present at the meeting in accordance with Administration Regulation 14A.

Cr Hogan will be at 88-92 Prinsep Street Norseman WA 6443.

The Council must approve of the place that Cr Hogan is located as a "suitable place" that must be in a town site or other residential area at least 150 kilometres from where the meeting is being held.

Recommendation

That Cr Hogan be permitted to attend this meeting by way of instantaneous telephone connection from Norseman, Western Australia, on the basis that he is in a "suitable place" for the purpose of Administration Regulation 14A.

Moved: Cr
Seconded: Cr

Resolution

Carried by: Absolute Majority For: Against:

Manager of Finance and Administration, Aruna Rodrigo and Senior Administration Officer Maria Crawford will also join via telephone connection from Norseman.

Agenda Reference & Subject	
10.1.1 – Proposed Amendment 9 to the Shire of Dundas Town Planning Scheme No 2	
Location / Address	Lot 3 Roberts Street (corner of Eyre Highway), Norseman
File Reference	LP.PL.2
Author	Liz Bushby, Town Planning Innovations (TPI)
Date of Report	8 th August 2019
Disclosure of Interest	Declaration of Interest: Town Planning Innovations Nature of Interest: Financial Interest as receive planning fees for advice to the Shire – Section 5.60A of <i>Local Government Act 1995</i>

Summary

Council is to consider final adoption of Amendment 9 to the Shire of Dundas Town Planning Scheme No 2 (with or without modifications) to expand the land uses that may be considered for future development of Lot 3 Roberts Street, Norseman.

Background

The majority of Lot 3 is zoned 'Special Purpose' and the only permissible use under the the Shire of Dundas Town Planning Scheme No 2 (the Scheme) is for 'truck parking'. The southern portion of the lot is zoned 'Industrial' – refer map below.

A development application for an unmanned fuel outlet on Lot 3 Roberts Street, Norseman was considered by Council on the 18 September 2018. Council resolved to refuse the application as it essentially did not have discretion to consider the land use under the Shire of Dundas Town Planning Scheme No 2 (the Scheme).

Statutory Environment

Planning and Development Act 2005 – Clause 75 provides local government with the power to resolve to amend any town planning scheme, however all amendments are determined by the Minister for Planning.

Town Planning and Development (Local Planning Schemes) Regulations 2015 ('the Regulations') – The Regulations contain Model Provisions for Town Planning Schemes, including standardised land use definitions.

A separate Scheme Amendment No 10 has been prepared for the Shire by Town Planning Innovations (TPI) to bring the existing Scheme into line with the Regulations and Model Provisions. The land use definitions in the Scheme will be updated to be consistent with the Model Provisions.

The Minister has approved Amendment 10 subject to modifications.

Shire of Dundas Town Planning Scheme No 2 – The permissible use for Lot 3 under Appendix 5 is limited to truck parking, as explained in the background section of this report.

Local Government Act 1995 – Part 9 Miscellaneous Provisions, Division 3 Documents, 9.49A Execution of Documents

Policy Environment

There are no known policy implications associated with the scheme amendment.

The Shire of Dundas has a 'Policy A.7 Common Seal' which requires that the Chief Executive Officer and the Shire President be jointly authorised to affix the Shire of Dundas common seal to documents for dealings initiated by a Council resolution.

In this regard, the Council resolution need not to refer to the sealing action and may only express its wish for certain action which may, ultimately, require the affixing of the seal to a document to achieve Councils intention.

There are exceptions in the Policy which do not apply to this scheme amendment.

Financial Implications

The Shire pays consultancy fees to Town Planning Innovations to assist in the processing of the scheme amendment.

Strategic Implications

There are no known strategic implications associated with the amendment.

Consultation

The amendment has been advertised for public comment which included letters to nearby landowners, letters to relevant government agencies / service providers, and a notice published in the Kalgoorlie Miner on the 18 June 2019.

The amendment was advertised between the 18 June 2019 and the 2 August 2019. During advertising a total of 6 submissions were received and all were non objections.

The Shire is required to consider each individual submission and determine whether any modification should be made to the amendment as a result of any submission. It is recommended that all submissions be noted however that no modifications be made as a result of the submissions – refer to Papers Relating.

The Department of Planning, Lands and Heritage have informally recommended some minor changes to Amendment 9 as summarised below:

	Modification suggested by Department of Planning, Lands and Heritage (DPLH)	TPI Comment
1.	Include a new Clause (a) to state ' <i>Development is not permitted unless the local government has exercised its discretion by granting development approval</i> '.	Agree. It simply replaces landuse permissibility symbols with one statement.
2.	Replace the term 'truck depot' with 'transport depot'	Agreed. This is consistent with the term 'transport depot' being introduced as part of separate Amendment 10.
3.	Replace the term 'fast food outlet/ lunchbar' with 'fast food outlet'	Agreed. This is consistent with the term 'fast food outlet' being introduced as part of separate Amendment 10.
4.	Include a new point (i) to state that short term accommodation prohibited.	Agreed. Short term accommodation can be considered as part of a 'roadhouse' however that use would not be compatible with the adjacent industrial zone.

5.	Change the term 'special purpose' to 'special use'	Agreed. Consistent with terminology used in Amendment 10.
----	--	---

The minor modifications suggested by the Department have been included in the officer recommendation.

Comment

• **Description of Proposed Amendment**

The existing Special Purpose zone applicable to Lot 3 is limited to a single land use being truck parking.

Truck parking will continue to be a permitted use on Lot 3 (as Transport Depot), however this Scheme Amendment proposes to give Council discretion to also consider the following land uses:

Land Use proposed to be listed in Schedule 5 of the Scheme for Lot 3	Definition being introduced under separate Amendment 10
Service Station	means premises used for - (a) the retail sale of petroleum products, motor vehicle accessories and goods of an incidental or convenience retail nature; and/or (b) the carrying out of greasing, tyre repairs and minor mechanical repairs to motor vehicles.
Road House	means premises that has direct access to a State road other than a freeway and which provides the services or facilities provided by a freeway service centre and may provide any of the following facilities or services — (a) a full range of automotive repair services; (b) wrecking, panel beating and spray painting services; (c) transport depot facilities; (d) short-term accommodation for guests; (e) facilities for being a muster point in response to accidents, natural disasters and other emergencies;
Fast Food Outlet	means premises, including premises with a facility for drive-through service, used for the preparation, sale and serving of food to customers in a form ready to be eaten — (a) without further preparation; and (b) primarily off the premises;
Motor Vehicle Wash	means premises primarily used to wash motor vehicles;
Restaurant / café	means premises primarily used for the preparation, sale and serving of food and drinks for consumption on the premises by customers for whom seating is provided, including premises that are licenced under the <i>Liquor Control Act 1988</i> ;

Separate specific Council approval of a development application will still be required if the amendment is successful.

• **Justification for Proposed Amendment**

In support of the amendment the applicant has provided justification as summarised below:

- i. Increased flexibility under the Scheme will encourage redevelopment which is a positive outcome for the subject site and Norseman as a whole.
- ii. Lot 3 is located on Eyre Highway and in close proximity to the Coolgardie Esperance Highway. It is well located to capture a portion of the large volumes of passing traffic.

- iii. The uses proposed are considered to encourage tourists, trucks and residents of the local area to stop and spend money in the town of Norseman as opposed to simply passing through.
- iv. The proposed amendment will ultimately facilitate the redevelopment of the subject site, and will have a positive effect on the local economy by encouraging investment in the town of Norseman. The resultant development will also employ local residents which increases employment opportunities.
- v. The proposed amendment will retain and improve the existing truck depot provision provided on site by formalising and increasing the parking area available, the subject site forms an important function in this regard.
- vi. The existing service station (BP), which is owned and operated by the same owners, at times experiences traffic congestion. This sometime results in trucks overflowing onto the Highway. The proposed amendment will create an additional refuelling location and truck parking that will relieve some of the pressure on the existing BP

- **Type of Amendment**

There are three types of amendments under the Regulations, being a basic Amendment, a Standard Amendment or a Complex Amendment.

Council has already resolved to process this Amendment as a Standard Amendment for the following reasons:

1. The amendment relates to a zone or reserve that is consistent with the objectives identified in the scheme for that zone or reserve;
2. The amendment would have minimal impact on land in the scheme area that is not the subject of the amendment; and
3. The amendment does not result in any significant environmental, social, economic or governance impacts on land in the scheme area.

- **Process for Standard Amendment**

The Scheme Amendment process is summarised below:

1. Amendment considered by Council for adoption (with or without modifications). Council can refuse to initiate a Scheme Amendment.
2. Any Amendment adopted by Council has to be referred to the Environmental Protection Authority (EPA). The EPA has to determine whether any environmental assessment is required. If the EPA advises that no environmental assessment is required then the amendment can be advertised.
3. Advertising of amendment for a minimum of 42 days. Advertising should include letters to nearby landowners, a newspaper advertisement, letters to relevant government authorities and service authorities, and may include an advertising sign erected on site (if feasible).
4. Any public submissions must be summarised in a table and each submission has to be considered.

After advertising a second report will be referred to Council to consider the public submissions, whether the amendment needs to be modified to address any issues raised in submissions, and whether to adopt the amendment for final approval (with or without modifications).

5. Once reconsidered by Council the amendment is lodged with the Western Australian Planning Commission for referral to the Minister for Planning who makes the final decision on the amendment. The Minister can refuse the amendment, or approve the amendment (with or without modifications).

6. If the amendment is approved by the Minister, the decision has to be published in the Government Gazette.

The Amendment is currently at stage 4 of the abovementioned process and still requires approval by the Minister for Planning.

• **Relevant State Planning Policy 3.7 – Planning in Bushfire Prone Areas**

The Western Australian Planning Commission released State Planning Policy 3.7 (SPP3.7) and associated Guidelines for Planning in Bushfire Prone Areas ('the Guidelines') in December 2015. These documents apply to all land identified as Bushfire Prone.

Mapping identifying Bushfire Prone Areas is available through the Department of Fire and Emergency Services website. Lot 3 is within the declared bushfire prone area (pink area).

Any future service station or roadhouse would be classified as a high risk land use under SPP3.7, therefore TPI considers it unlikely that the amendment will be supported by the Western Australian Planning Commission (WAPC) unless the applicant lodges a Bushfire Management Plan.

The Shire agreed to process the scheme amendment on the basis that the applicant engages a consultant to prepare a Bushfire Management Plan for future lodgement to the WAPC. The applicant has lodged a Bushfire Management Plan which will be sent to the WAPC.

Voting Requirements

Simple Majority

Officer Recommendation

That Council:

A. Pursuant to Section 75 of the Planning and Development Act 2005, adopt Amendment No 9 (with modifications) for final approval as follows:

1. **Re-zone the southern portion of Lot 3 Roberts Street (corner Eyre Highway), Norseman from 'Industrial' to 'Special Use' as depicted on the Scheme Amendment map.**
2. **Amend 'Table 4 – Schedule of Special Purpose sites' to expand the provisions and development controls for additional uses applicable to Lot 3 Roberts Street (corner Eyre Highway), Norseman (Special Use No 1) and state as follows:**

No.	Description of Land	Special Use	Conditions
1.	Lot 3 of Location 195 cnr Eyre Highway and Roberts Street, Norseman	transport depot service station roadhouse fast food outlet motor vehicle wash restaurant/café	<p>(a) Development is not permitted unless the local government has exercised its discretion by granting development approval.</p> <p>(b) A Bushfire Management Plan prepared by an accredited bushfire consultant shall be lodged with any application for development approval of a high risk land use in accordance with State Planning Policy 3.7 Planning in Bushfire Prone Areas.</p> <p>(c) All development is to be set back a minimum of 10 metres from any street lot boundary.</p> <p>(d) All vehicular access shall be from Roberts Street and no vehicular access to Eyre Highway shall be permitted.</p> <p>(e) All service areas are to be screened from public view.</p> <p>(f) The local government may require a truck movement plan and / or a traffic impact assessment for any new development prepared in accordance with the WAPC's <i>Transport Impact Assessment Guidelines (August 2016)</i>.</p> <p>(g) Any truck movement plan and / or traffic impact assessment required by the local government shall demonstrate that commercial vehicles can ingress and egress the site safely and that there will be no adverse impact on traffic safety for Eyre Highway.</p> <p>(h) The local government may refer any application to Main Roads Western Australia or the Department of Fire and Emergency Services for comment.</p> <p>(i) Short term accommodation is prohibited.</p>

B. Note the submissions summarised in Papers Relating and resolve *'that the submissions be noted and no modifications to the amendment be made'* (as a result of submissions).

- C. Note that modifications to the amendment text have been included at the suggestion of the Department of Planning, Lands and Heritage however the changes are minor, administrative and do not alter the intent of the amendment.
- D. Note that Scheme Amendment 9 was referred to the Environmental Protection Authority (EPA) who confirmed that no environmental assessment was required.
- E. Authorise the Shire President and Chief Executive Officer to sign 3 hardcopies of the Scheme Amendment No 9 documents.
- F. Approve the use of the Common Seal of the Shire of Dundas by the Shire President and Chief Executive Officer for signing and execution of the Scheme Amendment 9 formal documents.
- G. Note the applicant has been requested to revise the Scheme Amendment 9 map to reflect that Lot 3 is proposed to be zoned 'Special Use 1' instead of 'Special Purpose'.
- H. Authorise Liz Bushby of Town Planning Innovations to lodge the signed copies of Amendment 9 to the Western Australian Planning Commission to seek final approval by the Minister for Planning on behalf of the Shire of Dundas.

Summary

For Council to consider receiving the Information Bulletin for the period ending 29th July 2019.

Background

The Councillors' Information Bulletin for the period ending 29th July was completed and circulated to Councillors.

Statutory Environment

Local Government Act 1995

- Section 2.7(2) - Provides that Council is to oversee the allocation of local government finances and resources and to determine the local government policies.
- Section 3.1 – Provides that the general function of the local government is to provide for the good governance of persons in its district.

Policy Implications

Council has no policies in relation to this matter.

Financial Implications

The recommendation of this report has no financial implications for Council.

Strategic Implications

Keeping Councillors informed in respect to matters impacting on their role as Councillor.

Consultation

Nil

Comment

The intent of the Councillors' Information Bulletin is to assist in providing Councillors with information relevant to their role as a Councillor.

Because of certain confidential elements in the contents of this document, it is not a public document, it is distributed to Councillors and senior staff only and is not for public release.

Voting Requirements

Simple Majority

Officer Recommendation

That Council receive the Councillors' Information Bulletin for the period ending 29th July 2019, as included in confidential papers relating.

Consultation

Councillors, WALGA, Senior Shire Staff and CEO

Comment

With Councillors, support I would suggest we highlight the issues of concern on matters out of our control that impacts our Remote Resource Community and many like ours and would rather have the Select Committee investigate the following areas and assist not just our Local Government but all Shires with these matters to provide a more sustainable future.

The current Councillors and Staff have started to work on addressing the following items.

1. Review of an outdated Mining 1978 (41-year-old Mining Act is written in a manner that it does not support small resource communities)
2. Review of the Financial Assistance Grant (FAGS)
3. Rename of the Financial Assistance Grant (FAGS) so it's not listed as a Grant part forms Part of the Legislation
4. Local Government to be included in the Evaluation of Properties/Land/Mining through the Valuer General Office to assist us in our sustainability
5. Use the Audit General Reports and legislation to make our Communities more sustainable
6. Funding for Community Health and Assistance with the new requirement from the DLGSC to have a Community Health Plan.
7. Funded assistance Bush Fires on Unallocated Crown Land which consist of nearly 60% of our Shire and is unmanaged with the rest overlapping Mine Tenements of which has no Mining Company on the leases, and the rest consist of Pastoral Leases and Parkes and Wildlife Land.
8. Financial Assistance on future Biosecurity

To support our request for assistance to become more sustainable in-light of a recent correspondence by the Auditor General through the Department of Local Government we want to highlight what our small Council contributes to our community with limited resources as highlighted by the Department of Local Government Sports and Community Industries.

We would like to list the following as achievements in establishing communities in remote areas:

- Building a New Woodlands Community Centre to support the community and tourism in our immediate area and our region.
- Completed the Norseman Airstrip
- Servicing our Eucla Community that is over 720km from Norseman.
- Supporting disaster Management through L.E.M.C.
- Building working relationship with our Ngadju Ranger to man our Bush Fire Brigade
- Activities for Senior Residents
- Supporting Events in our Community
- Supporting Young People in our Community (Kidz Club, School Excursion, Drop In Zone even communities outside our Community Kambalda Swim Club)
- Community Markets
- Norseman Men Shed
- Our Local Museum
- Animal Control

- Professional Development for Elected members and staff
- Aged Care Housing
- Memorial Welcome Garden
- NAIDOC Week
- ANZAC School Service 2018
- ANZAC Day Dawn Service
- and Diggers Breakfast
- NAIDOC Week
- Athletics and Swim
- Carnivals
- Bus Transportation
- School Ball
- Remembrance Day
- Dundas Images Photographic Competition
- Disability Access & Inclusion Plan Consultation
- Aqua Fun Day
- Country Week
- Maintained Public Facilities
- Support Arts and Culture
- Engineering, Planning and Building
- Governance and Compliance
- Future Planning

This without question to form part of our submission and form part of ongoing Lobbying through Political and Funding opportunities for our two communities and all the Pastoral Leaseholders and the businesses in and along the Eyre Highway, and establishing a working relationship with all Stakeholders to achieve these objectives and grow and maintain our communities.

10.4.5 – Local Government (Audit) Regulations 1996 Regulation 17 and Financial Management Reviews	
Location / Address	Norseman
File Reference	FM.AD
Author	Gihan Kohobange
Date of Report	19 August 2019
Disclosure of Interest	Nil

Summary

For Council to approve the CEO's report presented to the Audit Committee meeting and as shown in the papers relating in relation to the review conducted in line with the Local Government (Audit) Regulations 1996 Regulation 17 and the financial management review conducted as required by Local Government Financial Management Regulation 5(2)(c).

Background

The CEO is required to undertake a review on the appropriateness and effectiveness of the Shire's risk management, internal controls and legislative compliance systems and procedures as required by the Local Government (Audit) Regulations 1996 Regulation 17.

In addition, the CEO is required to review the financial management systems to assess the appropriateness and effectiveness of these systems and procedures, as required by Local Government Financial Management Regulation 5(2)(c).

The CEO needs to have performed these reviews not less than once in every 3 financial years.

The results of the Audit Regulation 17 review are to be reported by the CEO to the Audit Committee. The Audit Committee is required to review the CEO's report and on-report to the Council. The report from the Audit Committee to the Council is required to have attached a copy of the CEO's initial report to the Audit Committee.

The Audit Committee reviewed the CEO's report which the CEO had emailed to the Councillors (members of the audit committee) prior to the meeting along with the review report compiled by Moore Stephens (WA) Pty Ltd at the Audit Committee meeting held on 2nd August and resolved to recommend the adoption of the report to the Council.

Statutory Environment

Local Government (Audit) Regulations 1996 Regulation 17
Local Government Financial Management Regulation 5(2)(c).

Policy Implications

Policy A.8 – Internal Audit and Risk Management Policy

Financial Implications

The cost of this review is covered by the 2015/16 Budget.

Strategic Implications

Nil

Consultation

CEO and Moore Stephens (WA) Pty Ltd

Comment

The CEO has decided to engage Moore Stephens (WA) Pty Ltd to perform these reviews on his behalf considering the wealth of experience Moore Stephens has in conducting similar reviews for other local governments in WA. The involvement of Moore Stephens (WA) Pty has provided a more objective assessment of the Shire's risk management, internal controls and legislative compliance systems and procedures, and the financial management system, enhancing the transparency of the review processes.

Have summarised below review comments mentioned in the report compiled by Moore Stephens (WA) Pty Ltd.

Financial Management

Subject to the further development and application of financial management systems and processes, as well as refinement to existing practices being implemented throughout the organisation as highlighted throughout this report, financial management processes and procedures are considered effective.

Risk Management

The current risk management policy reflects the Shire's commitment to organisation wide risk management principles, systems and processes aimed at ensuring consistent, effective and efficient application of risk management through planning, decision making and operational processes. Elements of risk management processes, such as updating and review of the risk register and documented risk assessments, are not consistently applied. Development and application of risk management systems and processes are required to be implemented throughout the organisation in order for risk management processes and procedures to be considered effective.

Internal Control

Weaknesses were identified where internal controls are not considered effective, specifically where a degree of trust is currently placed on employees with limited review and verification of transactions.

Considering the overall results of monitoring and compliance practices undertaken by the Shire of Dundas, the current internal control framework, procedures and systems (where documented and routinely tested) may be considered effective. Our assessment as to effectiveness is subject to the implementation of the improvements detailed in the framework implementation section of this report.

Legislative Compliance

Maintaining legislative compliance is heavily reliant on the knowledge, experience and commitment of senior staff, to identify and prevent breaches of legislation. As a consequence, staff turnover, competing priorities and variations in workloads can have a significant negative impact on legislative compliance. Therefore, one of the most effective controls in maintaining legislative compliance is a motivated, stable, experienced and knowledgeable senior management group.

Instances of non-compliance with legislative requirements were identified during our review. Apart from the noted breaches of legislation, and in the instances where the effectiveness was able to be assessed, the current legislative compliance control procedures and systems, were considered effective.

Details of the CEO's assessment of the review comments and proposed actions to further enhance the effectiveness of the financial management, risk management, internal controls and legislative compliance are given in papers relating.

Voting Requirements

Simple majority

Recommendation

That the Council approve the CEO's report which is reviewed by the Audit Committee given in papers relating, in relation to the review conducted in line with the Local Government (Audit) Regulations 1996 Regulation 17 and the financial management review conducted as required by Local Government Financial Management Regulation 5(2)(c).

Agenda Reference & Subject	
10.4.6 – Community Grant Application Norseman DHS P&C Association-Country Week	
Location / Address	Shire of Dundas
File Reference	GS.PR.19/20
Author	Community Development Manager Pania Turner
Date of Report	14.08.2019
Disclosure of Interest	Financial

Summary

That the Shire of Dundas Council review the Community Grant Application submitted by the Norseman DHS P&C Association to support Norseman students participating in the 2019 District High School Country Week held in Perth.

Background

DHS Country Week provides allows students from rural and remote areas to compete in high quality sports rounds. The opportunity to participate in such events are quite limited for children attending district high schools due to the costs of travel and accommodation and the time required to travel to regional centres to compete.

Country Week is a much looked forward to annual sporting event for Norseman District High School students who are keen to represent school and community at the state level.

Statutory Environment

Nil

Policy Implications

C.5 Community Grants Program

It is noted that the application was held off until the 2019/20 budget had been reviewed and approved by Council.

Financial Implications

The 2019/20 Budget has an allocation for Community Grant applications.

Strategic Implications

Strategic Community Plan

Theme 1 A strong, healthy, educated and connected Community that is actively engaged and involved.

1.2 Recreation Sports and Leisure: A socially connected Community that is physically active.

1.3 Engagement of Community: That the Community are engaged in constructive activities that encourage social and Community development.

Consultation

Norseman DHS P&C President
Norseman DHS Staff
DCEO
Shire of Dundas Youth Officer

Comment

Norseman District High School have worked hard to build student capacity to engage well with each other and their community, participating in community activities such as NAIDOC, ANZAC and Remembrance Day, festivals and markets, tree planting, seniors and other cultural events.

The Community Grant application highlights the leadership development that occurs in students by participating in such programs. When the students are competing and on their return, it is commented that they all represent Norseman well and help develop a great sense of pride amongst the broader community.

It is good to see that students and staff have also been actively fundraising through carwashes, sausage sizzles and gardening to assist with costs.

Voting Requirements

Simple Majority

Officer Recommendation

- 1. That the Shire of Dundas Council approve the Community Grant Application to the amount of \$_____.**
- 2. That Norseman District High School Country Week Team prepare and present a presentation to Council during the November meeting of Council.**

Summary

For Council to approve actions presented to the Audit Committee concerning matters highlighted in the 2017-18 Audit report.

Background

The CEO's comments on the Audit Report to the audit committee meeting held on 16th October 2018 were as follows:

The Independent Audit Report again identifies that the Shire's financial affairs are in good order and do not indicate any significant adverse trends in the financial position or the financial management practices of the Shire apart from operating surplus and asset sustainability ratios are not meeting the minimum benchmarks.

Operating Surplus Ratio (Benchmark >0.01)

This is an indicator of the extent to which revenues raised cover operational expenses only or are available for capital funding purposes. This is measured as:

$$\text{Operating surplus ratio} = \frac{\text{operating revenue minus operating expenses}}{\text{own source operating revenue}}$$

Average operating revenue of the Shire is \$4.5 million. Including depreciation expenses of \$2.4 million on non-current assets, total average operating expenses of the Shire is \$5.5 million. Under these circumstances, it is very unlikely that the Shire will ever be able to achieve an operating surplus, thus operating surplus ratio benchmark.

Accounting guidelines indicate that a sustained period of deficits will erode the local government's ability to maintain both its operational service level and asset base. This worsening situation is mainly due to increasing depreciation due to asset revaluations. To some degree, this ratio does not accurately represent the Shire's scenario, whereby a significant proportion of infrastructure renewal (expensed via depreciation) is met by capital grant income.

However, the Shire needs to closely monitor the trend of operating surplus ratio and take every possible effort to achieve operating cost savings. Considering the significance of the new capital projects the Shire has undertaken in the recent past, a healthy operating surplus is a paramount importance for future financial sustainability of the Shire.

Excluding the impact of early receipt of Financial Assistance Grant and other one-off revenue items (e.g. accounting profit on Eucla community hall fire damage)

Ratio	Standard	2017/18	2016/17	2015/16
Operating surplus ratio	≥ 0.01	(0.40)	(0.38)	(0.32)

Asset Sustainability Ratio (Benchmark >0.90)

This is an indicator of the extent to which assets managed by a local government are being replaced as they reach the end of their useful lives. This is measured as:

$$\text{Asset sustainability ratio} = \frac{\text{capital renewal and replacement expenditure}}{\text{depreciation expenses}}$$

To achieve this benchmark, at the current level of depreciation expenses, the Shire needs to spend in excess of \$2.1 on capital renewal projects.

To some degree, this ratio also does not accurately represent the Shire's scenario. Increase in depreciation expenses associated with asset revaluations does not necessarily reflect exact capital asset renewal requirements of the Shire. Further, in the recent past very high proportion of capital expenditure was associated with new or upgrade projects (Norseman airport upgrade, parks upgrade etc.). Road capital renewal projects have been rescheduled to future years due to the Shire's involvement with the airport upgrade project.

The downward trend in the ratio amidst significant new capital projects raises the level of uncertainty about the Shire's ability to meet capital renewal requirements in medium to long term.

Asset management plan of the Shire needs to be further rationalised to achieve a better level of confidence.

Ratio	Standard	2017/18	2016/17	2015/16
Asset Sustainability Ratio	≥ 0.90	0.35	0.65	1.72

Statutory Environment

As per Sections 7.12A(4) and 7.12A(5) of the Local Government Act 1995.

- (4) A local government must —
- (a) prepare a report addressing any matters identified as significant by the auditor in the audit report, and stating what action the local government has taken or intends to take with respect to each of those matters; and
 - (b) give a copy of that report to the Minister within 3 months after the audit report is received by the local government.
- (5) Within 14 days after a local government gives a report to the Minister under subsection (4)(b), the CEO must publish a copy of the report on the local government's official website.

Comment

Though the Shire has reported to the audit committee and then at the ordinary council meeting about not meeting minimum benchmark set by the department in relation to operating surplus and asset sustainability ratios, the Shire was under the impression that this would not warrant reporting under the section 7.12A(4) of the LG Act as the auditors have not either qualified the opinion or included this matter under the "Emphasis of Matter".

The Shire has received a letter from the department dated 28 June 2019 as given in papers relating, requesting the Shire to remedy this non-compliance within 60 days from the date of the letter. The Shire has replied to the department seeking more clarity over this matter and waiting for a response.

As previously reported to the audit committee, under the current circumstances (predominately mining based town with a plummeting population) it is very unlikely that the Shire will ever be able to achieve an operating surplus, thus operating surplus ratio benchmark. As a result, the Shire is not able to give a specific commitment about achieving the benchmark set by the department about the operating surplus ratio.

In recent years, the Shire's capital expenditure was mainly associated with new or upgrade projects which created a backlog of capital renewal projects. During the year 2018/19, the Shire has been able to clear most outstanding capital renewal projects and that has resulted in a positive impact on the Assets Sustainability Ratio. Based on the unaudited financial results for the year **2018/19, the Assets Sustainability Ratio for 2018/19 is 0.82.**

Summarised below are actions presented to the Audit Committee on 2nd August 2019 concerning matters highlighted in the 2017-18 Audit report. The Shire has already initiated some of these actions.

1. Rationalise/optimize the Shire's infrastructure assets;
2. Development of a comprehensive asset management plan;
3. Continue with the current strategy of reducing operational cost through various initiatives (service level reviews, cost savings through natural staff attrition, renegotiate contracts, etc.);
4. Infrastructure user agreements with mining companies as an additional contribution (other than rates) towards operational cost associated with infrastructure assets used by mining companies;
5. Agree on an operating model with DFES to minimise the Shire's financial contribution towards fire emergency management covering an area of 93,179 km².

Voting Requirements

Simple majority

Recommendation

That the Council of Shire of Dundas approve following actions reviewed by the Audit Committee concerning matters highlighted in the 2017-18 Audit report;

- 1. Rationalise/optimize the Shire's infrastructure assets;**
- 2. Development of a comprehensive asset management plan;**
- 3. Continue with the current strategy of reducing operational cost through various initiatives (service level reviews, cost savings through natural staff attrition, renegotiate contracts, etc.);**
- 4. Infrastructure assets user agreements with mining companies as an additional contribution (other than rates) towards operational cost associated with infrastructure assets used by mining companies;**

5. Agree on an operating model with DFES to minimise the Shire's financial contribution towards fire emergency management covering an area of 93,179 km².
