Background

Each year, Council is required to complete an annual compliance audit return (CAR) for the calendar year immediately preceding (1st January to 31st December) as published by the Department of Local Government, Sport and Cultural Industries. The CAR is then to be reviewed by the Audit Committee and a report presented to Council prior to the adoption of the CAR.

This year, the CAR was reviewed and completed by Moore Australia. Tanya Browning, Associate Director, and Jessica Spark, Senior Project Officer, Local Government Services from Moore Australia attended the Shire offices on 31 January 2023, during which time the CAR was completed through interviews with senior staff and the inspection of various documents and records including:

- Minute books
- Tender Register
- Financial Interest & Return Register
- Complaints Register
- Delegations Register
- Council's Website

The CAR is one of the tools that allow Council to monitor how the organisation is functioning in regard to compliance with the Local Government Act 1995 and provides the Audit and Risk Committee the opportunity to report to Council any cases of non-compliance or where full compliance was not achieved.

This process also provides opportunity for the Audit and Risk Committee to consider matters that may require further review within ongoing risk framework assessments and actions.

The Audit & Risk Committee reviewed the CAR at its meeting held 23rd March 2023 and resolved to recommend the adoption of the report to the Council and that the Shire President and Chief Executive Officer be authorised to sign the Compliance Audit Return for submission to the Department of Local Government. Minutes of that meeting are attached to this report as well as the 2022 CAR.

Through the completion of the 2022 CAR, there were instances of non-compliance noted which are further detailed in supporting documentation. In relation to procurement, whilst systems and processes should be in place to ensure compliance with the purchasing policy and legislation, it is impossible to certify compliance in every instance without a complete examination of all purchases. Instances of non compliance were noted by management to have occurred during the reporting period, as well as the difficulty to declare during the review period the appropriate number of quotations had been obtained for every purchase (particularly low value purchases) in accordance with the purchasing policy.

A summary of the matters noted during the completion of the 2022 CAR is attached for information. The attached summary also notes general improvement opportunities to systems and processes identified through the completion of the CAR. These improvements may assist the Shire in its risk management activities and continual improvement of administrative and compliance functions.

Statutory Environment

Regulation 14 of the *Local Government (Audit) Regulations 1996* provides that:

- (1) A local government is to carry out a compliance audit for the period 1 January to 31 December in each year.
- (2) After carrying out a compliance audit the local government is to prepare a compliance audit return in a form approved by the Minister.
- (3A) The local government's audit committee is to review the compliance audit return and is to report to the council the results of that review.
- (3) After the audit committee has reported to the council under sub regulation (3A), the compliance audit return is to be —
 - (a) presented to the council at a meeting of the council;
 - (b) adopted by the council; and
 - (c) recorded in the minutes of the meeting at which it is adopted.

Regulation 14 of the *Local Government (Audit) Regulations 1996* details the requirements regarding certifying the CAR and issuing to the Departmental CEO

Section 7.13(1)(i) of the *Local Government Act 1995* refers to the provisions within regulations regarding audits.

Policy Implications

There are no policy implications resulting from the recommendation of this report.

Financial Implications

There is a massive burden to our financial capability to recruit and minimise the implications resulting from the recommendation of this report from our compliance auditors.

Strategic Implications

There are no strategic implications resulting from the recommendation of this report.

Risk Management

This item has been evaluated against the Shire's Risk Management Strategy, Risk Assessment Matrix. The perceived level of risk is medium prior to treatment.

Officers Comment

As council is aware compliance cost money and, in our attempts, to increase our revenue to recruit and retain staff, and hire the best assistance from consultants where there is a need to meet compliance, we have over the last 4 years with Council support to drive advocacy to get buy in from State and Federal Government.

Asset Management and Financial Management is another critical part of the process, however no direct linked to the CAR it has a indirect contribution, as Council has noticed we have quite a young crew, this is fantastic and with our continued support they will get the experience to be part of a fully compliant team, this direction and impacts of this report is something that I as the CEO and person conducting business on behalf of our Elected Members and our community are happy to be responsible for and will be working with everyone to ensure that our compliance will be met.
