September has been a rather busy month, with the CRC Annual report and reporting on outcomes to Department of Primary and Regional Development (DPIRD).

The CRC has been preparing for online week which will commence from the 14-20th October we have some exciting workshops set up for the seniors. Code club for the kids will commence in November. October 14th is Mental Health week the CRC is running a kid's activity in Marks park on the 14th of October where the kids will be joining in on pavement chalk creations where they can express what mental health means to them. All of the creations will be posted on the CRC Facebook page and Mental health Facebook page.

September was also about "Staying Safer online" the CRC ran a series of workshops for the Seniors on how to avoid scams and tricks creating safe passwords and paying safely online,

those who attended would like to see more, the CRC will investigate more workshops for staying safer online.

The CRC now has a Phone Charging station that can charge up to 10 phones at a time, it is free for visitors, and is a hit with the visitors and some locals that use the CRC. The charging station also charges extremely fast.

Summary

For council to consider the submissions for RFT 02/22 Two 8x4 Trucks with Tipping Bodies and Trade-ins or outright purchase,

Background

The Shire has a 10 year Plant Replacement Program. In accordance with that program, a public tender for the replacement of two 8x4 Trucks with tipping bodies was advertised on Wednesday 7 September 2022. Tenders closed at 2pm Wednesday September 2022.

Statutory Environment

Local Government Act 1995

Local Government (Functions and General) Regulations 1996

Policy Implications

As per Council Policy F3 - Purchasing Policy

Financial Implications

The purchase and sale are within budget provisions as detailed in the 10 Year plant replacement program.

Strategic Implications

None

Consultation

CEO, Manager of Work – Shire of Dundas, Business Operations Manager, GFG Consulting.

Comment

Nine requests for tender documents were received with five submissions being lodged before the deadline.

Submissions were received from the following:

- Truck Centre WA
- Goldfields Truck Power
- Daimler Trucks Perth
- WA Hino
- Truck Traders WA (purchase of disposal assets only)

All submissions were deemed to be conforming, having arrived on time and in the correct form.

Tenders were assessed against the weighted criteria.

The submission from Daimler Trucks for two Fuso trucks was the lowest overall cost and the highest ranked on the other qualitative criteria. The purchase offer from Daimler Trucks is the equal third best. The overall change over cost is the second lowest.

The detailed assessment spreadsheet is included under confidential cover.

Tender documents submitted by each contractor are available for councillors' reference on request.

There is a significantly long lead time (32 -52 weeks) for delivery of these replacement units and the units being replaced will need to remain operational until the replacements are delivered. While the cost of the new trucks is fixed, the cost of the tipper bodies is subject to changes in the costs of raw materials which could be more or less.

The Trade-in offer is also subject to there being no material change in the condition of the units being traded other than an increase in operating hours and kilometres travelled in accordance with usual operating patterns.

In view of these time related matters, it is recommended that the CEO be given delegated authority to finalise the actual change over price at the time of delivery subject to any change in price of the tipper bodies being supported by detailed evidence in the change in the cost of raw materials and re-value of the trade-ins being justified by material changes in condition. The Shire should also retain the right to re-tender the trade-in units at its sole discretion.

Council has allocated a Budget of \$800,000.00 to replace our two trucks in the 2022/23 Financial Year with a Trade-in value exceeding our expectation with the trade-ins were \$40,000 above what was expected on both trades.

As these were supplied to Council in Commercial in Confidence the actual figures will be withheld out of this report, we can highlight that we have over \$150,000.00 saving on the total purchase price these two vehicles.

Summary

For council to consider the replace of the CEO Vehicle.

Background

The Shire has a 10-year Plant Replacement Program, but due to the fact the Holden stooped manufacturing Holden Vehicles and the CEO Vehicle has recently started to develop mechanical problems, and Holden can't supply spare parts for this model anymore.

Statutory Environment

Local Government Act 1995

Local Government (Functions and General) Regulations 1996

Policy Implications

As per Council Policy F3 - Purchasing Policy

Financial Implications

The purchase and sale are within budget provisions as detailed in the 10 Year plant replacement program, although this was not in the Budget, we have achieved significant saving and could do this replacement if approved by Council.

Strategic Implications

None

Consultation

Council, CEO, Manager of Work – Shire of Dundas,

Comment

This Vehicle was not earmarked for replacement in the 2022/23 Financial Year, but due to Holden seizing manufacture of all holdens this has become a issue to maintain this vehicle.

In view of these time related matters, it is requested from Council to consider this vehicle change replacement further mor Council has allocated a Budget of \$800,000.00 to replace our two trucks in the 2022/23 Financial Year with a Trade-in value exceeding our expectation with the trade-ins were \$40,000 above what was expected on both trades.

As these were supplied to Council in Commercial in Confidence the actual figures will be withheld out of this report, we can highlight that we have over \$150,000.00 saving on the total purchase price these two vehicles. We ask of Council to allow the staff to follow our procurement policies and replace the three-year-old CEO Vehicle, it has only done 62,000km.
