4. Applications for Leave of Absence.

4.1 Leave request from Cr. JF Maloney for the period of 7th April 2024- 12th May 2024 due to overseas travel was approved at the 19 March 2024 Ordinary Council Meeting.

5. Response to Previous Public Questions Taken on Notice.

5.1 Response to Michael O'Callaghan-

A written response was sent to Mr O'Callaghan. The response:

- acknowledged the budget overspend to be addressed in the budget review;
- confirmed the service station development on Prinsep Street; and
- noted the IGA accounts reporting will be in line with the required legislation.

5.2 Response to Mark Pink

A written response was sent to Mr Pink. The response:

- noted that the Laundromat like some other business models in the Shire does not show a profit, like the Landfill, the Norseman Aquatic Centre, the Town Oval and Sports Complex, the Town Pound, and the Turf Club;
- highlighted that the Shire has responded to Mr Pink several times on the same issue and has nothing further to add; and
- advised Mr. Pink if he had allegations in relation to conduct of Shire business to refer the allegations to the relevant regulator.

5.3 Response to Presentation by Dr Graham Rowlands at the 19 March 2024 Ordinary Council meeting.

Dr Rowlands has received the Council response in writing.

Council has thanked Dr Rowlands for bringing his concerns to their attention during the Ordinary Council Meeting on March 19, 2024.

Council reviewed the points raised in Dr. Rowlands' statement, especially regarding the accuracy of the Council minutes from the February 15, 2024, meeting. It is important to note that those minutes were duly confirmed by a Council resolution during the 19th March 2024 meeting in accordance with the Local Government Act and relevant Financial Regulations.

Dr Rowlands has been advised to file any allegations concerning the conduct of Shire business with the appropriate regulator. And that the Shire has nothing further to add to the matters raised.

6. Public Question Time.

In accordance with the Local Government Act 1995 and the Local Government (Administration) Regulations 1996, any person may during Public Question Time ask any question.

7. Confirmation of Minutes of Previous Meeting.

Moved: Cr.

Seconded: Cr.

------------------------	-----

Summary

For Council to consider budget amendment for the reallocation of expenditure.

Background

The Shire of Dundas has an approved allocation of \$453,930 for the Local Roads and Community Infrastructure (LRCI) Program original Phase 4 funding. The original project for this funding was for the aerodrome building upgrades which is included in the adopted 2023/24 budget. The LRCI funding allocation has since been split into two parts following approval by the Department of Local Government, Sport and Cultural Industries (the Department). The funding split is now:

- Part A - \$287,877 for approved local road and community infrastructure projects.
- Part B - \$166,053 for approved road projects in regional, rural and outer-urban areas only, unless otherwise agreed by the Department.

Due to the change of allocations for the funding by the Department as above, the original Phase 4 application towards the aerodrome building upgrades requires amendment to capture the proposed expenditure as per the original budget and be compliant with the funding allocation.

Statutory Environment

Local Government Act 1995

1. 6.8. Expenditure from municipal fund not included in annual budget

- (1) A local government is not to incur expenditure from its municipal fund for an additional purpose except where the expenditure —
- (a) is incurred in a financial year before the adoption of the annual budget by the local government; or
 - (b) is authorised in advance by resolution*; or
 - (c) is authorised in advance by the mayor or president in an emergency.

** Absolute majority required.*

Policy Implications

There are no known policy implications for this matter.

Financial Implications

Authorisation of expenditure through budget amendments is recommended. There is no impact on the overall expenditure included in the 2023/24 budget, the amendments proposed are to reallocate expenditure. The allocations are as outlined in the body of this report.

Strategic Implications

Strategic Community Plan 2022 - 2032

- Goal 5: Governance and Leadership
- Outcome 5.1, A trusted local government

- Strategy 5.1.1, Accountable and informed decision-making by Council
- Strategy 5.1.2, Compliance with the *Local Government Act 1995* and all relevant legislation and regulations.

Consultation

Elected Members

Moore Australia

Executive Management

Department of Local Government, Sport and Cultural Industries

Comment

There are some capital expenditure projects where there has been no current expenditure and no purchase orders raised. The funds can be reallocated through four projects as they are not likely to be expended (due to timing or delays) by the end of the 2023/24 financial year where some other projects have acquittal deadlines to be met.

Type	COA	Description	Current budget	Proposed New budget	Comment
CapEx Infrastructure Other	3475	Squash Court Flooring	\$50,000	\$10,000	Carry forward project into the 2024/25 budget. There are no YTD actuals and no purchase orders raised.
CapEx Land and Buildings	3094	Move Anglican Church	\$50,000	\$10,000	Carry forward project into the 2024/25 budget. There are no YTD actuals and no purchase orders raised.
OpEx Materials and Contracts	0632	Altus payroll software	\$65,000	\$10,000	Carry forward phase 2, 3 & 4 into the 2024/25 budget. Implementation of software and going live not likely to occur this financial year.
CapEx Infrastructure Airport	6514	Aerodrome buildings	\$206,219	\$306,219	Original LRCI application Phase 4 Part B \$166,053 was allocated to the Aerodrome Building, this is now allocated to Infrastructure Roads Drainage. LRCI grant conditions changed Part B to be road projects only, requiring additional Municipal funds to be allocated for this project.
OpEx Materials and Contracts	1732	Aged Persons Homes Building Maintenance	\$39,000	\$54,000	Additional urgent works have been identified since the mid-year budget review.
OpEx Materials and Contracts	7822	Parts and repairs plant and equipment	\$95,827	\$115,827	P290 (3 Axle Dog Trailer) required urgent maintenance works to ensure safety and road worthiness
			\$506,046	\$506,046	

Voting Requirements

Absolute Majority

Moved:
Seconded:

Officer Recommendation

That Council adopt by absolute majority the following amendments to the 2023/24 budget:

- Increase infrastructure airport \$100,000
- Decrease land and buildings (\$40,000)
- Decrease infrastructure other (\$40,000)
- Decrease materials & contracts (\$20,000)

Appendix 2 Monthly Financial Report for the Period Ended 29th February 2024

CEO Comment

As previously discussed with Council the 2023/24 Budget Review adopted in the March OCM addressed the budget items where there are variations. This will be noted in the upcoming monthly financial report ended 30th April 2024. Item 10.2.1 addresses further amendments required for urgent works, and the LRCI funding change to roads from community buildings. Senior staff continue to work closely with our accountants, Moore Australia, the Shire ensure the budget is balanced with good oversight and compliance.

Summary

To present to Council the list of accounts paid by delegated authority of the Chief Executive Officer.

Statutory Environment

Sub-regulation 13 (1) of the Local Government (Financial Management) Regulations 1996 requires that a list of accounts paid by the CEO is to be prepared each month showing for each account paid since the last such list was prepared —

- (a) the payee's name; and
- (b) the amount of the payment; and
- (c) the date of the payment; and
- (d) sufficient information to identify the transaction.

Sub-regulation 13 (3) of the Local Government (Financial Management) Regulations 1996 provides that such a list is to be:

- (a) presented to the council at the next ordinary meeting of the council after the list is prepared; and
- (b) recorded in the minutes of that meeting

Policy Implications

Council has approved policies and procedures in place to ensure that the monthly accounts are approved and paid with due diligence.

Financial Implications

Accounts are managed within the approved Budget.

Officer Recommendation

That the Shire of Dundas monthly accounts paid from 01/11/2023 to 30/11/2023 be noted.

Carried by:

For:

Against:

Agenda Reference & Subject	
10.2.4 Accounts Paid 01.12.2023 – 31.12.2023	
Location / Address	Shire of Dundas
File Reference	FM.CR
Author	Senior Administration Officer
Date of Report	15 April 2024
Disclosure of Interest	Nil

Summary

To present to Council the list of accounts paid by delegated authority of the Chief Executive Officer.

Statutory Environment

Sub-regulation 13 (1) of the Local Government (Financial Management) Regulations 1996 requires that a list of accounts paid by the CEO is to be prepared each month showing for each account paid since the last such list was prepared —

- (a) the payee's name; and
- (b) the amount of the payment; and
- (c) the date of the payment; and
- (d) sufficient information to identify the transaction.

Sub-regulation 13 (3) of the Local Government (Financial Management) Regulations 1996 provides that such a list is to be:

- (a) presented to the council at the next ordinary meeting of the council after the list is prepared; and
- (b) recorded in the minutes of that meeting

Policy Implications

Council has approved policies and procedures in place to ensure that the monthly accounts are approved and paid with due diligence.

Financial Implications

Accounts are managed within the approved Budget.

Agenda Reference & Subject	
10.2.5 – Accounts Paid 01.01.2024 – 31.01.2024	
Location / Address	Shire of Dundas
File Reference	FM.CR
Author	Senior Administration Officer
Date of Report	15 th April 2024
Disclosure of Interest	Nil

Summary

To present to Council the list of accounts paid by delegated authority of the Chief Executive Officer.

Statutory Environment

Sub-regulation 13 (1) of the Local Government (Financial Management) Regulations 1996 requires that a list of accounts paid by the CEO is to be prepared each month showing for each account paid since the last such list was prepared —

- (a) the payee's name; and
- (b) the amount of the payment; and
- (c) the date of the payment; and
- (d) sufficient information to identify the transaction.

Sub-regulation 13 (3) of the Local Government (Financial Management) Regulations 1996 provides that such a list is to be:

- (a) presented to the council at the next ordinary meeting of the council after the list is prepared; and
- (b) recorded in the minutes of that meeting

Policy Implications

Council has approved policies and procedures in place to ensure that the monthly accounts are approved and paid with due diligence.

Financial Implications

Accounts are managed within the approved Budget.

Summary

For the Council of the Shire of Dundas to consider and appoint Shire of Dundas delegates at National General Assembly of the Australian Local Government Association 2nd to the 4th July 2024.

Background

The 2024 Australian Local Government Association (ALGA) National General Assembly (NGA) will be held in Canberra from 2nd to the 4th July 2024. This important event provides opportunity for Local Government to engage directly with the Federal Government, to develop national policy, and to influence the future direction of our councils and our communities.

ALGA is national voice of local government representing Australian local governments at the national level. ALGA provides important advocacy across many areas critical to local government and communities including local roads and infrastructure resourcing, disaster mitigations funding, regional airports and airstrips, telecommunications, social disadvantage, climate change and more.

The theme of the 2024 NGA is “Building Community Trust” which acknowledges the critical importance of trust in our democracy’s different levels of government, its institutions, and amongst its citizens.

The conference program features a range of high profile and engaging speakers who will explore ideas about what creates trust, and how we nurture it.

That ALGA:

Request Australia Local Government Association to work with Federal Minister Hon. Mark Butler MP and all regional and remote Councils to provide affective and affordable Medical Services.

And,

This National General Assembly calls on the Australian Government to take urgent action to implement effective product stewardship for priority materials, including electronic waste, tyres, mattresses and packaging. These programmes must prioritise waste avoidance, promote end-of-life recovery and encompass all costs associated with recycling.

Statutory Environment

Healthcare Funding Legislation: Federal Financial Relations (National Health Reform Payments) Determination 2016-17. [Federal Register of Legislation - Federal Financial Relations \(National Health Reform Payments\) Determination 2016-17](#)

Monitoring and Reporting Obligations: Legislation could require regular monitoring and reporting on the provision of medical services in regional and remote areas, including measures of access, quality, and affordability. This would enable ongoing evaluation and improvement of healthcare delivery.

Training support for junior doctors

The [Junior Doctor Training Program](#) funds:

- educational support for junior doctors working and training in rural primary care settings
- salary support for junior doctors working in private hospitals.

The [National Rural Health Commissioner](#) has worked with the rural health sector and the GP colleges to develop a [National Rural Generalist Pathway](#). The pathway recognises the extra requirements and skills of rural generalists and supports them to meet the diverse health needs of regional, rural and remote Australians.

Improved access to Australian-trained GPs

1. Medicare measures

This initiative introduced a new [Medicare Benefits Schedule \(MBS\) fee structure](#) on 1 July 2018. The new structure identified non-vocationally recognised (non-VR) doctors as a distinct group when claiming MBS GP items. Non-VR doctors can bill at 80% of what VR doctors can bill. It also increased the base rate for standard consultations for non-VR doctors by 20% in regional, rural and remote areas.

These changes reward investment in postgraduate specialist qualifications and encourage more doctors to work in regional, rural and remote areas.

The [Non-vocationally Registered Fellowship Support Program](#) (Non-VR FSP) supports non-VR doctors while they gain fellowship of a GP college to become vocationally recognised. This program will end on 30 June 2023.

2. More Doctors for Rural Australia

The [More Doctors for Rural Australia Program](#) helps doctors who are temporary or permanent residents of Australia and not vocationally recognised to gain fellowship of an Australian GP college.

Streamlining general practice training

This initiative [streamlines general practice training pathways](#) and helps doctors to gain fellowship of one of Australia's 2 GP colleges. It distributes training places to ensure a continued supply of skilled doctors in rural and remote areas.

Support for Aboriginal and Torres Strait Islander health professional organisations

We provide [support for Aboriginal and Torres Strait Islander health professional organisations](#) (ATSIHPOs). These organisations play a key role in increasing:

- the number of Aboriginal and Torres Strait Islander people in the health workforce
- the cultural competency of the broader health workforce.

Recruit and retain

HEADS UPP health workforce planning tool

The Health Demand and Supply Utilisation Patterns Planning tool ([HeaDS UPP](#)) brings health data together to visually highlight how the community uses health services. This data determines areas of need and informs our workforce planning and analysis.

Bonded Medical Program

Our [Bonded Medical Program](#) replaces 2 schemes, which are now closed to new applicants – the Bonded Medical Places Scheme and the Medical Rural Bonded Scholarship Scheme.

The new program provides more support and flexibility for participants to fulfil their return of service obligation. Program participants have access to more choice, more locations, better support and streamlined conditions.

Workforce Incentive Program

The [Workforce Incentive Program](#) has 2 streams. The [Doctor Stream](#) provides incentives for doctors to work in rural locations. The [Practice Stream](#) supports general practices to employ nurses, Aboriginal and Torres Strait Islander health professionals, and allied health professionals, including non-dispensing pharmacists.

Strengthening the role of the nursing workforce

The [Strengthening the Role of the Nursing Workforce](#) initiative includes several components:

- strengthening the role of nurses in delivering primary health care and in meeting the future health care needs of the Australian community
- raising awareness of the role of [nurse practitioners](#)
- reviewing undergraduate preparation for nurses in Australia to explore improvements to the system and factors affecting nurses entering the workforce.

The Educating the Nurse of the Future initiative undertook an [independent review](#) of nursing education. It aimed to ensure that their training equips nurses to meet the needs of Australia's future health system.

Royal Flying Doctor Service support

The SRHS provides [extra funding to the Royal Flying Doctor Service](#) to deliver mental health services, along with dental and emergency aeromedical services, to rural and remote communities.

Improved targeting of bulk billing incentives

We changed [rural bulk billing incentives](#) for doctors working in rural areas. Metropolitan areas no longer have access to incentives intended for rural and remote areas. We pay higher benefits to regional, rural and remote doctors to bulk bill children and people with a concession card.

Visas for GPs

The [Visas for GPs](#) program manages the growth of the medical workforce by:

- regulating the number of international medical graduates entering Australia
- directing them to work in primary health care areas of need in rural and remote locations

National Tyre Stewardship

To establish a comprehensive framework for federal government tyre stewardship in Australia, specific legislation would be required. This legislation would outline the responsibilities of tyre manufacturers,

importers, retailers, and consumers in managing the lifecycle of tires and promoting environmentally sustainable practices to include mining operations.

1. Tire Stewardship Act: This act would serve as the primary legislative instrument for tire stewardship in Australia. It would establish the legal framework for tire recycling, waste management, and environmental protection related to tires.

2. Tire Product Responsibility Scheme: The legislation would mandate tire manufacturers and importers to take responsibility for the management of tires throughout their lifecycle. This could include requirements for product design, labelling, collection, reuse, recycling, and disposal.

3. Tire Recycling and Recovery Targets: The legislation would set targets for the recycling and recovery of tires to reduce waste and promote resource efficiency. Manufacturers and importers would be required to meet these targets and report on their progress regularly.

4. Tire Collection and Recycling Infrastructure: The legislation would support the development of tire collection and recycling infrastructure across Australia. This might involve establishing funding mechanisms, incentives, or regulations to encourage the establishment and operation of tire recycling facilities.

5. Producer Responsibility Organizations (PROs): The legislation could authorize the establishment of PROs or industry-led stewardship schemes responsible for coordinating tire collection, recycling, and education initiatives. PROs would work closely with government agencies, stakeholders, and the public to achieve the objectives of tire stewardship.

6. Compliance and Enforcement Mechanisms: The legislation would include provisions for monitoring, compliance, and enforcement to ensure that tire manufacturers, importers, and other stakeholders adhere to their responsibilities. Penalties could be imposed for non-compliance with regulatory requirements.

7. Research and Development: The legislation might allocate funds or mandate research and development initiatives to support innovation in tire recycling technologies, product design, and sustainable materials development.

8. Public Awareness and Education Programs: The legislation could require the implementation of public awareness and education programs to inform consumers, businesses, and other stakeholders about the importance of tire stewardship, proper tire maintenance, and disposal practices.

9. Reporting and Accountability: Tire manufacturers, importers, and PROs would be required to submit regular reports to relevant government agencies on their tire stewardship activities, including collection, recycling rates, and progress towards achieving targets.

By enacting comprehensive tire stewardship legislation, the federal government would establish a framework to promote responsible tire management, reduce environmental impacts, and create a more sustainable tire industry in Australia.

Policy Implications

Policy EM.1 Conferences – Elected Members Attendance and Representation.
HR2. Travel and Accommodation Allowances and Expenses Policy

Financial Implications

This is included in the 2023/24 Financial Budget.

Strategic Implications

Representation at State and National platforms is essential for the Shire of Dundas to ensure that small local governments such as the Shire of Dundas are resourced and supported to achieve the strategic objectives of their community plans.

Governance and Leadership – Goal 5

We are a trusted Local Government; we are a strong advocate for our community; we are lead with respect and accountability.

5.1 A trusted Local Government

5.1.1 Accountable and informed decision-making by Council.

5.2 We are a strong advocate for our community.

5.2.1 The Shire develops partnerships with government and non-government organisations, and key stakeholders to achieve positive outcomes for the community.

Comment

The Attendance at Conferences and Events Policy has been reviewed to ensure that Shire of Dundas is represented at the appropriate international, national and interstate conferences, study tours, seminars, conventions and events.

The appointment of Shire of Dundas Council delegates to attend the 2024 National General Assembly will also provide important opportunity for the Council to meet with Federal Ministers to discuss key areas of concern for the Shire of Dundas, including the impact of climate change and drought in the Shire of Dundas, initiatives to address the critical housing shortage and regional communities, including Norseman, disaster mitigation funding, and the Financial Assistance Grant.

The Shire of Dundas have submitted the following motion to be taken at the NGA 2024:

That ALGA: Request Australia Local Government Association to work with Federal Minister Hon. Mark Butler MP and all regional and remote Councils to provide affective and affordable Medical Services.

Agenda Reference & Subject	
10.3.2 Shire of Dundas Motion - National General Assembly of the Australian Local Government Association – Priority Product Stewardship	
Location / Address	88-92 Prinsep Street, Norseman WA 6443
File Reference	GR.SL.25
Author	Chief Executive Officer – Peter Fitchat
Date of Report	16 April 2024
Disclosure of Interest	Nil

Summary

The National AGM calls on the Australian Government to urgently implement product stewardship programs for priority materials like electronic waste, tyres, mattresses, and packaging. These programs should focus on waste avoidance, end-of-life recovery, and covering all recycling costs to reduce waste management costs for local governments and communities and increase resource recovery. Key actions include industry engagement, regulatory oversight, research, education, collaboration, financial incentives, and monitoring.

Background

The objective of the motion is to reduce waste management costs for Local Governments and their communities while increasing resource recovery for priority materials like electronic waste, tyres, mattresses, and packaging. Key arguments include the necessity of product stewardship to hold producers responsible for end-of-life products, the rising costs of waste management without effective stewardship, and the role of stewardship in transitioning to a circular economy. Priority materials are identified due to inadequate voluntary schemes and illegal dumping issues. Effective stewardship covering all recycling costs is crucial for reducing costs and achieving better environmental outcomes. The motion advocates for mandated initiatives across industries, including mining, and dedicated funding similar to the Roads to Recovery model to support recycling efforts.

Tyre Product Stewardship Scheme:

Tyre Stewardship Australia (TSA) manages the national Tyre Product Stewardship Scheme (TPSS), aiming to create sustainable markets for tyre-derived products and mitigate the environmental impacts of end-of-life tyres. Supported by leading tyre and auto brands, the scheme collects a levy used for administration. Objectives include transforming end-of-life tyres into useful products, creating employment opportunities, and preventing illegal dumping. Over 1,700 participants are committed to sustainable tyre management through accreditation and compliance programs. Accredited recyclers and collectors process over 300,000 tonnes of tyres annually, producing various tyre-derived products. TSA aims to increase domestic tyre-derived product usage, enhance tyre management capacity, and expand industry participation. Industries can join voluntarily or become accredited retailers, collectors, or recyclers. Compliance involves adhering to environmental and safety

standards, with audits ensuring adherence. Major fleets and councils also support the scheme, promoting the use of accredited providers and seeking Australian Tyre Derived Products for various applications.

Member Comment

Hoping for an all-inclusive comprehensive approach outlined in the background summary and the effective implementation of the Tyre Product Stewardship Scheme (TPSS) by Tyre Stewardship Australia (TSA). The importance of holding producers responsible for end-of-life products and the need for stringent regulations to ensure compliance. This combined efforts in creating sustainable markets for tyre-derived products, preventing illegal dumping, and increasing resource recovery. The collaborative approach between industry stakeholders, government agencies, and environmental organisations with the significance of financial incentives, education, and monitoring mechanisms in promoting sustainable waste management practices, the motion's objectives and encouraged further initiatives to address waste management challenges across industries.

Officer Recommendation

For the Shire of Dundas to support the following recommendation to 2024 ALGA General Assembly: Draft Notice of Motion – National Management of all Product listed as Priority Material regarding recycling and waste management.

MOTION

This National General Assembly calls on the Australian Government to take urgent action to implement effective product stewardship for priority materials, including electronic waste, tyres, mattresses and packaging to include oversize tyres used in the mining industry. These programmes must prioritise waste avoidance, promote end-of-life recovery and encompass all costs associated with recycling.

Agenda Reference & Subject

10.3.3 Shire of Dundas Motion - National General Assembly of the Australian Local Government Association – Medical Services
--

Location / Address	88-92 Prinsep Street, Norseman WA 6443
File Reference	GR.SL.25
Author	Chief Executive Officer – Peter Fitchat
Date of Report	16 April 2024
Disclosure of Interest	Nil

Summary

For the Council of the Shire of Dundas to consider the Motion: “*Request Australia Local Government Association to work with Federal Minister Hon. Mark Butler MP and all regional and remote Councils to provide affective and affordable Medical Services*” to be submitted at the National General Assembly of the Australian Local Government Association 11th - 13th June 2023.

Background

Over the last couple of years, the cost to Councils and their ratepayers has been increasing and the Rural Doctor shortages was highlighted across the nation.

Demands from our small Community Medical Practise cost is increasing to almost 15% of our revenue and this will impact Councils ability to keep delivering other services to Community, it could be that positions within Council may have to be removed to provide these increased demands from our local practise.

Decisions like this below having a direct affect to provide affective:

RACGP - DPA change making rural GP recruitment harder

“There has been ‘an immediate impact’ on the GP workforce in rural and remote areas following a decision to expand Distribution Priority Area (DPA) status, newsGP has been told.

Last month’s Federal Government announcement means that GP catchments in Modified Monash 2 (MM 2) areas, which include most large regional towns, now automatically have DPA status.

Some outer-urban areas within large cities, classified as MM 1, have also gained DPA or partial DPA status”.

The continuation of Bulkbilling is also a concern concerns across Australia is also a concern, Councils now has to take on providing Medical {Practise business and recruit Doctors as a staff members as remote practises and Communities is impacted by making remote living by prospective GP.s because of a range of issues, staff availability to fill admin positions for their practise, housing in remote areas severely impacted by the lack of Federal and State Government investment in remote areas.

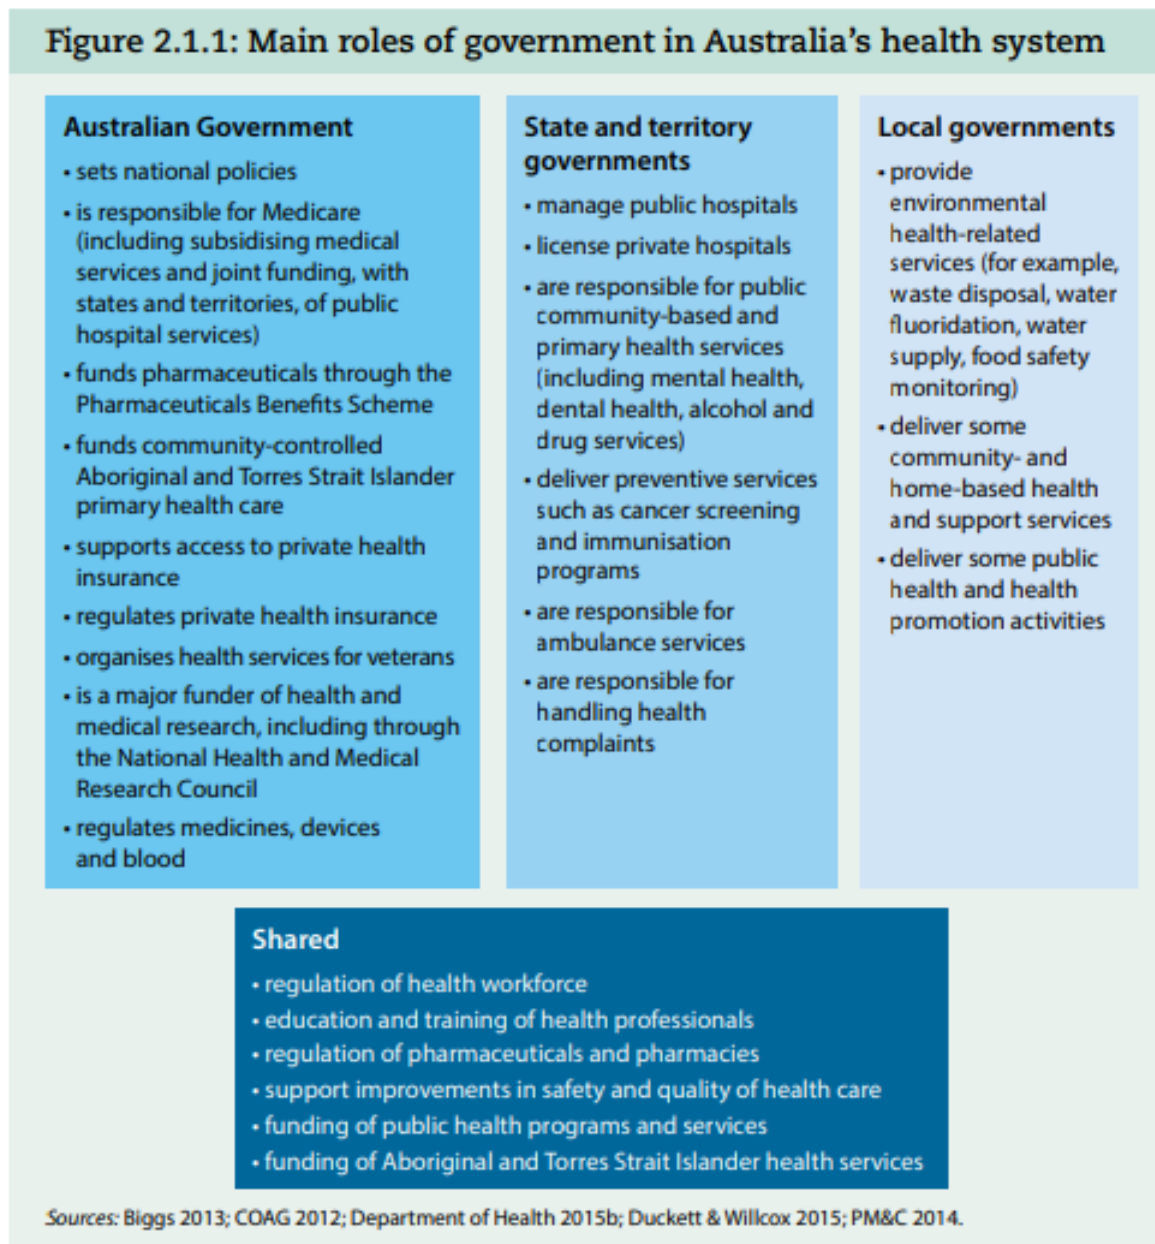

As part of the document link above, this is what is explained as Local Government responsibility.

[2.1 How does Australia's health system work? \(Australia's health 2016\) \(AIHW\) \(Appendix 4\)](#)

“Local governments, in addition to providing community-based health and home care services, have a significant role in public health and health promotion activities (for example, the provision of immunisation services; smoking cessation, nutrition awareness and weight loss programs; child and maternal health services; and promoting safety and physical activity) and may also deliver

environmental health-related services (including water fluoridation, sanitation services, water and food inspection and food safety monitoring) (ALGA 2010; LGNSW 2016) (see Figure 2.1.1)”.

Figure 2.1.1: Main roles of government in Australia’s health system

[The Australian health system | Australian Government Department of Health and Aged Care](#)

Australian Government responsibilities

1. Medicare Benefits Schedule (MBS)
2. Pharmaceutical Benefits Schedule (PBS)
3. supporting and regulating private health insurance
4. supporting and monitoring the quality, effectiveness and efficiency of primary health care services
5. subsidising [aged care services](#), such as residential care and home care, and regulating the aged care sector
6. collecting and publishing health and welfare information and statistics through the [Australian Institute of Health and Welfare](#)

7. funding for health and medical research through the [Medical Research Future Fund](#) and the [National Health and Medical Research Council](#)
8. funding veterans' health care through the [Department of Veterans' Affairs](#)
9. funding community controlled Aboriginal and Torres Strait Islander primary healthcare organisations
10. maintaining the number of doctors in Australia (through Commonwealth-funded university places) and ensuring they are distributed equitably across the country
11. buying vaccines for the [national immunisation program](#)
12. regulating medicines and medical devices through the [Therapeutic Goods Administration](#) (TGA)
13. subsidising [hearing services](#)
14. coordinating access to organ and tissue transplants
15. ensuring a secure supply of safe and affordable blood products
16. coordinating national responses to health emergencies, including pandemics
17. ensuring a safe food supply in Australia and New Zealand
18. protecting the community and the environment from radiation through nuclear safety research, policy, and regulation

State, territory and local government responsibilities

1. managing and administering public hospitals
2. delivering preventive services such as breast cancer screening and immunisation programs
3. funding and managing community and mental health services.
4. public dental clinics
5. ambulance and emergency services
6. [patient transport and subsidy](#) schemes
7. food safety and handling regulation
8. regulating, inspecting, licensing, and monitoring health premises

Shared responsibilities

The Commonwealth also shares responsibility with the states and territories for other activities under national agreements such as the [Council of Australian Governments](#) (COAG). These other activities include:

1. funding public hospital services
2. preventive services, such as free cancer screening programs including those under the [National Bowel Cancer Screening Program](#)
3. registering and accrediting health professionals
4. funding [palliative care](#)
5. [national mental health reform](#)
6. responding to national health emergencies

Find your [state or territory health department](#).

Local governments play an important role in the health system. They provide a range of environmental and public health services, community-based health, and home care services.

Member Comment

Considering all the issues we encountered in addressing the compliance requirements with our Medical Practice in Norseman, this is a national issue and Federal Assistance to address this matter will be required.
