Summary

For the Council to consider the elected members meeting fees and allowances payable in 2019/20.

Background

The Council at its ordinary meeting held on the 19<sup>th</sup> June 2018 considered the meeting fees and allowances to be included in the 2018/19 budget and decided not to revise meeting /committee fees and allowances for the fourth and the third consecutive years respectively.

**Shire of Dundas elected member's fees and allowances for 2018/19 set as follows:**

- **President's allowance** \$12,000 pa
- **Deputy President's allowance** \$ 3,000 pa
- **President's meeting fees** \$283 per meeting
- **Councillors meeting fees** \$160 per meeting
- **Councillors committee & prescribed meeting fee** \$80 per meeting

**Travel allowance – reimbursement of members travel costs to be at the rates applicable under the Local Government Industry Award 2010.**

Travel allowance – reimbursement of members travel costs to be at the rates applicable under the Local Government Industry Award 2010 and Policy H2 Travel & Accommodation Allowances & Expenses.

Most recent revisions for elected member's fees and allowances are summarised below.

#### 2014/15

Fees / allowances	Previous	Revised to
President's meeting fees	\$ 280 per meeting	\$ 283 per meeting
Councillors meeting fees	\$ 140 per meeting	\$ 160 per meeting
Councillor's Committee meeting fees	\$ 70 per meeting	\$ 80 per meeting

#### 2015/16

Fees / allowances	Previous	Revised to
President's allowance	\$ 3,200	\$ 12,000
Deputy President's allowance	\$ 800	\$ 3,000

#### Statutory Environment

CEO, Shire President, Councillors

#### Comment

The Salaries and Allowances tribunal sets allowances in 4 bands according to size, population and other factors and is a similar system used in determining the salary ranges for Chief Executive Officers. The Shire of Dundas is in Band 4.

There are two methods of determining the allowances/meeting fees paid to Councillors, Presidents and Mayors:

Method 1 – an annual allowance within a prescribed range

Method 2 – a meeting fee (per meeting) within a prescribed range

The Salaries and Allowances tribunal has made a determination on 9<sup>th</sup> April 2019 which will come into effect on the 1<sup>st</sup> July 2019. Salaries and allowances tribunal has factored in a 1% - 2% increase to the meeting fees and allowances for 2019/20 year. A full copy of the Tribunal determination will be available to Councillors on request.

A table of the allowance/fees structure follows:

<b>Band 4 - w.e.f. 1st July 2019</b>			
<b>For a council member other than the mayor or president</b>		<b>For a council member who holds the office of mayor or president</b>	
<b>Method 1</b>			
Annual allowances for meetings			
Minimum	Maximum	Minimum	Maximum
\$3,589	\$9,504	\$3,589	\$19,534
<b>Method 2</b>			
Ordinary Council meeting fees			
Minimum	Maximum	Minimum	Maximum
\$91	\$238	\$91	\$490
<b>Committee &amp; prescribed meeting fees</b>			
Minimum	Maximum	Minimum	Maximum
\$46	\$119	\$46	\$119
<b>Band 4</b>			
<b>Annual allowance for Shire President in addition to meetings</b>			
Minimum		Maximum	
\$513		\$20,063	
Deputy allowance is limited to 25% of the presidential allowance			

The Council has previously favoured the setting of allowances/fees on a per meeting basis as this compensates members who do attend meetings rather than an annual allowance. This method appears to be the most fair and equitable.

Current average annual cost of meeting fees and allowances are summarised below.

	President	Deputy President	Per Councillor
Average meeting fees	6,800	4,500	4,500
Allowances	12,000	3,000	N/A
<b>Total</b>	<b>18,800</b>	<b>7,500</b>	<b>4,500</b>

Shire of Menzies is the only other Council in GVROC region falls into Band 4. The Shire of Menzies has favoured the method 1 and President and Councillors are paid allowances at maximum levels.

Based on above information, officers would suggest an increase in meeting fees and allowances as the Council has not revised meeting fees since 2014/15 and allowances since 2015/16. A few options that the Council could consider are summarised below.

<b>Option 1</b>		
<b>Type</b>	<b>Current \$</b>	<b>Proposed \$</b>
President's meeting fees	283	311
Councillors meeting fees	160	176
Councillor's Committee meeting fees	80	88
President's allowance	12,000	13,200
Deputy President's allowance	3,000	3,300
<b>Overall impact - additional cost to the Shire per annum</b>		<b>4,430</b>
<b>Option 2</b>		
<b>Type</b>	<b>Current \$</b>	<b>Proposed \$</b>
President's meeting fees	283	340
Councillors meeting fees	160	192
Councillor's Committee meeting fees	80	96
President's allowance	12,000	14,400
Deputy President's allowance	3,000	3,600
<b>Overall impact - additional cost to the Shire per annum</b>		<b>8,860</b>
<b>Option 3</b>		
<b>Type</b>	<b>Current \$</b>	<b>Proposed \$</b>
President's meeting fees	283	354
Councillors meeting fees	160	200
Councillor's Committee meeting fees	80	100
President's allowance	12,000	15,000
Deputy President's allowance	3,000	3,750
<b>Overall impact - additional cost to the Shire per annum</b>		<b>11,075</b>
<b>Option 4</b>		
<b>Type</b>	<b>Current \$</b>	<b>Proposed \$</b>
President's meeting fees	283	368
Councillors meeting fees	160	208
Councillor's Committee meeting fees	80	104
President's allowance	12,000	15,600

### Comment

That the *Shire President* represent us at the AGM on the matter of FAGS, that the Shire of Dundas feels the current funding arrangements for local government are no longer fit for purpose.

The roles and responsibilities of local government has grown significantly. The main funding available from the Australian Government (the Financial Assistance Grants) has consistently declined from a level equal to 1% of Commonwealth Taxation Revenue (CTR) in 1996 to just 0.55% of CTR today.

The Australian Government collects approximately 82% of Australia's tax revenue and is responsible for just one tenth of Australia's public infrastructure assets.

Local councils raise 3.6% of taxes and are responsible for 33% of public infrastructure, including 75% of Australia's roads

3.6% of the tax take is not adequate funding to unlock the potential of our communities. The decline in the Financial Assistance Grants funding has left local councils worse off struggling to meet increasing demand on local infrastructure and services and impacting their ability to build and maintain essential infrastructure to the higher standard required today.

The result is increased pressure on rates and council budgets, making it harder to maintain community services and infrastructure.

There is a current infrastructure backlog of \$30+ billion dollars. The requirement to upgrade and renew infrastructure built during the 'baby boom' and rapid growth periods in the 60s and 70s is becoming a major problem. New infrastructure is also required to meet the needs of the growing population and to meet productivity and safety requirements.

There are also increasing community expectations related to the type and standards of services available to local communities. This is placing pressure on local governments particularly when they are required to provide services previously provided by the other spheres of government. This is particularly the case in thin markets such as rural and regional areas where, if federal or state governments withdraw services, local government must step in or no one will, as we have seen in recent years.

And on the matter of Mining we as a Local Government have felt and seen the impact of mine closures and factors out of our control and how this can devastate a small community; This has significant flow on effects from lack of volunteers to support fighting bush fires in our 95,000 square kilometres of currently unmanaged, UCL land, lack of volunteers to support St Johns Ambulance services, to reducing the capacity of our school through a steady decline in numbers. Businesses have closed, as have Government Departments as the population declines.

We are not advocating a total elimination of FIFO and DIDO as this would be an unrealistic approach. We seek the Minister's support as a matter of urgency to make our small communities sustainable.

#### Voting Requirements

Simple Majority

#### Officer Recommendation

**That the Shire of Dundas endorse the Shire President Laurene Bonza to present the following motions at the AGM at Local Government week 7-9 August 2019.**

#### **Regarding Mining Act 1978**

- 1. The Shire of Dundas asks that the Hon. Bill Johnston, Minister for Mines and Petroleum, undertakes a review of the outdated Mining Act 1978 and that the revision address FIFO and DIDO, and its impact on local communities.**
- 2. That the Mining application process includes a mandatory MOU with the Local Government which would be overseen by the Auditor General to ensure fairness to the Community by having the mining company contribute to local infrastructures as a legacy project.**

#### **Regarding the Financial Assistance Grant,**

- 1. The Shire of Dundas asking the Hon. Minister of Local Government and Communities David Templeman to assist all Local Governments to Lobby the Federal Government to retain the Financial Assistance Grant at one percent of the of Commonwealth Taxation Revenue.**

Moved Cr Hogan  
Seconded Cr Warner

**Resolution**

That the Shire of Dundas endorse the Shire President Laurene Bonza to present the following motions at the AGM at Local Government week 7-9 August 2019.

**Regarding Mining Act 1978**

1. The Shire of Dundas asks that the Hon. Bill Johnston, Minister for Mines and Petroleum, undertakes a review of the outdated Mining Act 1978 and that the revision address FIFO and DIDO, and its impact on local communities.
2. That the Mining application process includes a mandatory MOU with the Local Government which would be overseen by the Auditor General to ensure fairness to the Community by having the mining company contribute to local infrastructures as a legacy project.

**Regarding the Financial Assistance Grant,**

2. The Shire of Dundas asking the Hon. Minister of Local Government and Communities David Templeman to assist all Local Governments to Lobby the Federal Government to retain the Financial Assistance Grant at one percent of the of Commonwealth Taxation Revenue.

All land except exempt land in the Shire of Dundas is rated according to its Gross Rental Value (GRV) in townships or Unimproved Value (UV) in the remainder of the Shire.

The general rates detailed above for the 2015/16 financial year have been determined by Council on the basis of raising the revenue required to meet the deficiency between the total estimated expenditure proposed in the budget and the estimated revenue to be received from all sources other than rates and also bearing considering the extent of any increase in rating over the level adopted in the previous year.

The minimum rates have been determined by Council on the basis that all ratepayers must make a reasonable contribution to the cost of the Local Government services/facilities.

**Comment**

**Current Ratio**

The Current Ratio is a measure of short term liquidity, i.e. the ability of local government to meet its liabilities as and when they fall due. A ratio of more than 1 (100%) indicates that that we have more current assets than current liabilities.

**Operating Surplus Ratio \ Own Source Revenue Coverage Ratio**

These two ratios help to measure the ability to cover operational needs and have revenues available for capital or other purposes. These two ratios have been distorted as entire rate revenue being compared against YTD operating expenditure.

### **Membership and patronage details:**

Total Number of memberships: 5  
New memberships this reporting period: 0  
Patronage per opening hour: 23.5

The CRC along with Margaret (Youth Officer) hosted a "Biggest Morning tea" for the Norseman community and as usual, it was not a let-down and managed to raise \$460.00 for the Cancer Council.

National Families week was 15<sup>th</sup>-21<sup>st</sup> May and this year the CRC help a Poetry Competition for ages 5-18, it was a great opportunity to allow kids to express their thoughts and emotions in a fun, creative way whilst thinking of their favourite memories about them and their families. The age categories were 0-6, 6-12, 12-18 we had one winner for every category and they will be published in the Norseman Today.

The CRC teamed up with the Wheatbelt Business Network (WBN) and the AEC to engage in the pre-polling for the Federal Election, this was a chance for the CRC's to get on board and demonstrate a one stop shop approach. AEC trained staff that were hired through the CRC, there was an opportunity for 2 casuals to be employed for a week, and 7 staff members were trained (CRC & Shire of Dundas), AEC also provided all resources and pay for the use of the CRC/Shire of Dundas.

### **Marketing strategies undertaken in the reporting period and outcomes achieved**

Local Government (Financial Management) Regulations 1996

### Policy Implications

Fees and Charges are calculated in accordance with the policies of the Shire.

### Financial Implications

Fees and Charges for the provision of services need to be adopted in the Schedule of Fees and Charges in order for the Shire to enforce a fee for that service under the regulations.

### Strategic Implications

Services captured in the fees and charges schedule have an impact on the key themes, strategies and goals identified in the strategic community plan of the Shire.

Comment

There are some new fees and charges added to the proposed schedule for 2019/20. Certain items have been increased to better reflect the true cost of providing the service. Changes are highlighted in the Schedule of Fees and Charges given in the papers relating. The key changes are summarised below,

**Town Clock**

Advertising fees for business and commercial groups increased to \$15 from \$14 per day.

**Animal Control**

Following changes have been proposed to cover a part of the escalated cost.

Details	Unit / Type	2018/19	Proposed 2019/20
Replacement Registration Tag	Per Tag	3.00	5.00
Destruction of feral cat	Per Cat	22.00	44.00
Seizure & Impounding of Dog	Per Dog	75.00	80.00
Maintenance - Per Week Day	Per Dog	20.00	30.00
Maintenance - Per Weekend Day	Per Dog	25.00	35.00
Return of Impounded Dog outside of office hours	Per Dog	82.50	165.00
Seizure & Returning of Dog without Impounding	Per Dog	33.00	35.00
Surrender of Dog	Per Dog	33.00	77.00

**Eating House Registration**

In line with the changes to relevant legislation.

**Aged Person Units**

In line with the Shire policy C1, rental has been revised to reflect the increase in the rate of age pension.

**Sanitation**

The Shire spends approximately \$450,000 per year to provide sanitation services to the community. The Shire is recouping closer to 40% of that cost in terms of the refuse service charges.

The current refuse service charges are comparatively low compared with the neighbouring Shires though the associated cost of providing sanitation services is at the same level and if not more.

Have summarised below key increases proposed to partially recover escalated cost in providing sanitation services.

- 2% increase in domestic and commercial waste (bin) collection service fees
- Bulk refuse disposal at refuse sites, increase in charges
  - i. Commercial waste - Increase to \$45 per m3 from \$20
  - ii. Car Bodies/Wrecks – Increase to \$75 per car from \$50

**Town Planning**

Fees and Charges in relation to planning and development applications have been revised in line with the applicable regulation.

**Community Bus**

Hire charges for profit or commercial group increased to \$3 per KM from \$2.

**Public Halls & Civic Centres**

New charge for the use of kitchen to cover additional cost associated with cleaning, \$100 per day.

**Hire of Norseman Sports Complex**

Increase in charges to cover additional cost associated with cleaning and reorganizing.

<b>10.4.8 – Differential Rate Model – 2019/2019 Budget</b>	
Location / Address	Shire of Dundas
File Reference	RV.VA.5
Author	Gihan Kohobange
Date of Report	10 June 2019
Disclosure of Interest	Nil

### Summary

That the Council approve the differential rate model for public advertising and subsequent inclusion in the 2019/20 budget.

### Background

Part of determining annual budgets is the setting of rates in the dollar that are then applied to the property valuations as supplied by the Valuer General (Landgate). Rates in the dollar can be set in two ways.

Firstly, they can be standard, resulting in a rate levy (rate in the dollar) within the Gross Rental Valuation and the Unimproved Valuation categories.

Alternatively, they can be differential within each of the categories (UV & GRV), meaning different rate levies can be set for different types of property within one rate category.

The Local Government Act 1995 determines that differential rates can be set according to:-

- the purpose for which the land is zoned;
- the predominant purpose for which the land is held or used;
- whether or not the land is vacant; and
- any other characteristic or combination of characteristics prescribed.

The application of differential rating maintains the status quo in terms of equity in the rating of properties across the Shire, enabling the Council to provide facilities, infrastructure and services to the entire community and visitors.

### Statutory Environment

Section 6.33 of the Local Government Act 1995 and associated regulations prevail in this matter. Prior to finally adopting differential rates, the proposed rates need to be advertised for three weeks seeking public comment. Following the advertised period the Council is then to consider any responses received before adopting the final rates in the dollar along with the annual budget. The Council is not compelled to adopt the differential rates advertised or compelled to factor in any comments received; only to consider the comments prior to final adoption.

Section 6.3 (3) of the Act requires that a differential rate of more than twice the lowest differential rate cannot be set without approval of the Minister (delegated to the Director General).

#### Policy Implications

N/A

#### Financial Implications

The setting of differential rates is an integral part of setting annual budgets. Rates income represents approximately 50% of overall operating revenue of the Shire. It is the only income stream over which Council has a direct control. It is imperative that for future financial sustainability, rate income has an inflationary offset together with a component for capital replacement and/or expansion.

Local public notice of the proposed differential rates is required. It is anticipated that advertising costs will approximate \$500 which will be funded from the existing Governance – Advertising budget

#### Strategic Implications

The rating strategy determined by the Council has a direct impact on Shire's long term financial sustainability and thus the ability to continue the delivery of services to meet the Strategic Community Plan and Corporate Business Plan requirements.

#### Consultation

Councillors, CEO and Senior Staff

#### Comment

The benchmark that many local governments use to assess the overall increase in the cost of providing municipal services is the Local Government Cost Index (LGCI) as developed by WALGA and the CPI. However, these indices do not take in to consideration isolation factors, availability of resources and other factors unique for regional local governments. As at end of March 2019, LGCI and Perth CPI (annual change) stand at 1.4% and 1.1% respectively.

Consideration has been given to rating levels of the similar shires in the region in calculating proposed rates for 2018/19. A comparison of the rates with other local governments in the region for 2018/19 is as follows.

#### **2018/19 Rates in the \$**

	Gross Rental Value (GRV)			Unimproved Value (UV)		
	Town site	Roadhouses	Mining	Pastoral	Mining	
<b>Dundas</b>	<b>15.8624</b>			<b>8.0000</b>	<b>15.2582</b>	
Menzies	8.4700			8.1400	16.2600	14.7300 14.5100
Laverton	11.1160		8.6200	9.4100	15.9200	
Wiluna	9.8335		19.4436	13.2539	19.9288	24.9689
Leonora	6.7700			14.8500		
Coolgardie	7.4652			11.0513	22.0435	
Kalgoorlie	6.5624	6.8901	4.7309	7.7928	18.5837	18.5812

Note: Have been categorised in line with Dundas rating categories for the comparison purpose, actual categories of other Councils may be different.

**2018/19 Minimum Rates**

	Minimum - GRV			Minimum - UV		
	Town site	Roadhouses	Mining	Pastoral	Mining	
<b>Dundas</b>	<b>349</b>			<b>349</b>		<b>300</b>
Menzies	317			317	280	248
Laverton	304			304		
Wiluna	470	355		355		
Leonora	318			318		
Coolgardie	694			684	437	
Kalgoorlie	918			285	398	285

Note: Have been categorised in line with Dundas rating categories for the comparison purpose, actual categories of other Councils may be different.

In recent years the Council has made a rating decision to lessen the burden on the town site ratepayers and re distribute the rate burden more equitably across the Shire.

In average, a 2% overall increase in rates revenue is required for the Shire to meet its budgetary obligations for 2019/20.

**Gross Rental Value (GRV)**

The Local Government Act specifies that where land is used for predominantly for non-rural purposes, the rate levied shall be on its gross rental value (GRV). Currently, properties assigned a GRV every four years. All valuations/revaluations are carried out by the Valuer General.

The new valuations applied for the 2019/20 financial year as a comparison to the 2018/19 financial year, is detailed below.

**2019/20 GRV Valuation Details**

GRV Categories	No. of Properties	GRV \$		Change %
		2018/19	2019/20	
Townsites	666	3,022,890	3,097,955	2.5%
Townsites - Motels/Hotels	4	264,420	368,400	39.3%
Mining - Remote improvements	3	1,448,000	1,058,000	-26.9%
Roadhouses	9	937,860	885,820	-5.5%
Non-rateable	29	178,572	285,092	59.7%
<b>Total</b>	<b>711</b>	<b>5,851,742</b>	<b>5,695,267</b>	<b>-2.7%</b>

As evident in the above table, there is a significant variation between valuation movements within the GRV category which will have a significant impact on the rates payable by some of the property owners.

With the objective of achieving the total general rates yield required by the Shire to meet its budgetary obligations, it is proposed to implement differential rates within GRV category.

**GRV – Townsites / Roadhouses / Service Stations**

This rating category applies to properties located within and very close proximity to the townsite boundaries of the Shire of Dundas and the roadhouses and service stations located within the Shire. This category is considered by the Council to be the base rate by which all other GRV rated properties are assessed.

The proposed rate in the dollar is 15.7038 cents per dollar of GRV, with a minimum rate of \$360. The proposed rate in the dollar reflects a 1% decrease compared to 2018/19 rate in the dollar but still, there

will be a 2.5% overall increase in rates revenue from this category due to the increase in total townsite GRV value.

There is a significant variation between valuation movements within the GRV category which will have a significant impact on the rates payable by some of the property owners within the townsite category.

GRV values of townsite motels/hotels have reported an overall increase of 39.3%. This increase in valuation has brought the value of these properties in line with the other similar properties in the Shire. However, this has resulted in a significant increase in rates payable by these property owners. There is no difference in the level of services the Shire provides to these properties in comparison to other townsite properties, to justify charging a lower rate in the dollar for these properties. In fact, these properties generate more waste and directly benefits from the various projects and initiatives the Shire has started to attract more visitors/tourists to the town.

Some of roadhouses/service stations are located at a large distance from the main service centre. However, the Shire has decided to charge the base rate by which properties within the townsite are assessed. This rate reflects the cost of providing health and building inspection services, emergency services and other amenities for those properties. The cost of servicing the communities within the boundaries of the Shire should be borne by all residents and property owners. At the proposed rate, there will be an overall decrease in rates revenue from this category due to a 5.5% overall reduction in the total GRV value of this category.

#### **GRV – Mining**

This rating category covers mining leases that have improvements on the land and are located within the Shire boundaries.

The proposed Mining rate for this category is 21.5000 cents per dollar of GRV, with a minimum rate of \$360. There is an increase in the rate in the dollar applicable for this category to manage the impact on the estimated rates revenue due to a significant reduction in the overall GRV value of this category.

The objective of the proposed rate in the dollar is to ensure that the proportion of total rate revenue derived from GRV Mining is consistent with the previous year revenue. The rate mainly reflects the increased cost associated with providing bushfire emergency services for these mining properties generally located a large distance from the main service centre. Further as a contribution towards the upkeep of general amenities within the Shire from a sector of ratepayers that essentially are transitory. It is noted that rates paid by mining operators are generally tax deductible.

#### **Unimproved Value (UV)**

Properties that are predominantly of a rural purpose are assigned an Unimproved Value that is supplied and updated by the Valuer General on an annual basis.

Council has adopted differential rates in its Unimproved Valuation area for improved and vacant mining leases, exploration, prospecting, pastoral leases and improved and vacant UV land.

The application of differential rating maintains the status quo in terms of equity in the rating of properties across the Shire, enabling the Council to provide facilities, infrastructure and services to the entire community and visitors.

#### **UV – Pastoral**

A rate of 8.3200 cents per dollar of UV, with a minimum rate of \$360 is proposed for this category. It is just 0.3200 cents increase per dollar of UV. However, this increase will still, only generate \$1,157 additional rates revenue from this category.

Majority of the pastoral properties are only liable to pay the minimum rate at the proposed minimum rate of \$360.

**UV – Mining (Including Exploration and Prospecting Leases)**

This rating category covers mining, general purpose, exploration and prospecting leases located within the Shire of Dundas.

The proposed rate in the dollar for this category is 15.7159 cents per dollar of UV, with a minimum rate of \$360 except for prospecting leases. The Shire encourages prospecting by way of a reduced minimum rate of \$309 as compared with other mining categories. A 3% increase is factored in to the proposed rate in the dollar for this category. However, this category has reported a 1.5% reduction in the overall UV value for last 11 months.

The proposed rate mainly reflects the ongoing cost (increased cost) involved in maintaining the road network that services these land use as the Shire's local authority boundaries extend all the way to the WA/SA state boundary, and the cost associated with bushfire emergency services covering this vast land area. Further as a contribution towards the upkeep of general amenities within the Shire from a sector of ratepayers that essentially are transitory.

The mining operations result in the Shire's road network and infrastructure requiring continual ongoing maintenance and renewal work to service these users. The Shire acknowledges the fact that exploration, prospecting and mining have different levels of impact on the Shire's road network. However, there remains the need to fund maintenance and renewal requirements of this vital infrastructure asset for the benefit of all users.

In determining the proposed rate in the dollar of these categories, consideration was given to the comparable rate in the dollar of the neighbouring shires (with significant mining focus) which provide similar services for mining activities. Even after this proposed increase in the rate in the dollar, the Shire of Dundas remains as one of the shires with the lowest UV rates for mining leases. It is noted that rates paid by mining operators are generally tax deductible.

**Long Term Financial Plan and Rating Strategy**

As per the Long-Term Financial Plan (LTFP) 2018-2027 and the preliminary budget papers, the total rates yield required by the Shire to meet its budgetary obligations is in line with the proposed rates in the dollar for GRV and UV categories.

The Shire will be able to raise a total rates revenue of \$2,344,639 for the financial year 2019/20, reflecting an overall increase of 1.7% in rates revenue.

**Outstanding Rates**

Shire has experienced a significant increase in outstanding rates due to dwindling population coupled with the economic downturn. Many vacant lands and rundown properties can be seen throughout the Norseman town site. Further, given the volatility of the mining sectors, it is difficult to predict the amount of the rates that will not be collected or settled on time. Approximately, a doubtful debt provision of \$100,000 need to be considered for 2019/20 based on the past experience.

**Valuation Changes**

The final amount raised from the rates may vary as a result of changes in valuations before rates notices are issued. However, the impact is expected to be minimal at this point of time.

**Approval of the Minister**

Ministerial approval is not required as the rates in the dollar proposed, do not have differentials of more than 2:1 within any of the rating categories (GRV and UV).

**Voting Requirements**

Absolute Majority.

**Officer Recommendation**

That the Council:

1. Approve following proposed rate in the dollar and minimum rates to apply for the 2019/20 financial year;

**Gross Rental Value (GRV)**

- Townsites, Roadhouses and Service Stations - 15.7038 cents in the dollar of GRV
- Mining - 21.5000 cents in the dollar of GRV

**Unimproved Value (UV)**

- Pastoral - 8.3200 cents in the dollar of UV
- Mining - 15.7159 cents in the dollar of UV

Minimum payment GRV \$360.00 per assessment

Minimum payment UV \$360.00 per assessment

Minimum payment UV- Prospecting \$309.00 per assessment

2. Resolve that public notice seeking submission be given, in accordance with Section 6.36 of the Local Government Act 1995, advising that Council intend to impose the above differential rates and minimums for 2019/20 financial year;
3. Adopt the 2019/20 Rates - Objectives and Reasons statements as set out in papers relating; and
4. Affirm that the recommended increase in rates has been made after considering the Shire's Long Term Financial Plan, current economic conditions and the potential for budget efficiencies.

### Summary

Proposed expenditure and income for 2019/2020 shown in the papers relating for councillors to note. The draft budget for 2019/20 will be presented for approval at July Ordinary Council meeting.

### Background

Proposed expenditure and income for 2019/2020 reflect priorities identified in the Corporate Business Plan and its associated strategic plans. Council's resolutions and discussions over the past 11 months also have been considered in finalising the draft budget.

Proposed rate model for 2019/20 has been presented for Council approval and for public advertising and subsequent inclusion in the 2019/20 budget. In arriving at the proposed rates in the dollar the Shire has attempted to balance the need for revenue to fund essential services and facilities with the consideration of the rate payer's capacity to pay.

A review of fees and charges also have been carried out and presented for Council approval.

### Statutory Environment

Section 6.2 of the Local Government Act 1995 requires that a local government is to adopt a budget by the 31<sup>st</sup> August unless extended by the Minister.

### Policy Implications

Council policies have been considered whilst formulating the 2019/2020 draft document.

### Financial Implications

The proposed expenditure and income ensure a balanced budget with no borrowings and will form the basis of income and expenditure for the next twelve months.

### Strategic Implications

The council's Strategic Community Plan, Corporate Business Plan and Long Term Financial Plan have been considered in formulating the proposed expenditure and income for 2019/20.

### Consultation

Councillors, Manager of Works, Project Manager, Community Development Manager.

### Comment

In developing estimations, expenditure levels have been set at expected costs. However, income levels have been set conservatively.

Overarching objectives of 2019/20 budgeting process are;

- Not to withdraw funds from reserve accounts during 2019/20 financial year
- Manage the impact of rates increases on townsite residents
- Maintain current service standards
- Very efficient, cost-conscious operation

### **OVERALL**

It is expected that the total operating revenue for 2019/20 to remain flat at 2018/19 level (excluding the impact of the receiving of a part of 2019/20 Financial Assistant Grants (FAG) in advance).

Estimated 1.7% increase in the rates revenue is offset by a 0.7% reduction in total FAG and projected a decrease in other operating contributions.

Excluding depreciation, operating expenditure for 2019/20 is expected to increase by 1%.

The benchmark that many local governments use to assess the overall increase in the cost of providing municipal services is the Local Government Cost Index (LGCI) as developed by WALGA and the CPI. However, these indices do not take into consideration isolation factors, availability of resources and other factors unique for regional local governments. As at end of March 2019, LGCI and Perth CPI (annual change) stand at 1.4% and 1.1% respectively.

Some comment in relation to each schedule is set out below for Council information:

### **General Purpose Funding**

The Shire will be able to raise a total rates revenue of \$2,344,639 for the financial year 2019/20, reflecting an overall increase of 1.7% in rates revenue.

Significant variation between valuation movements within the GRV category has made it impossible for the Shire to continue with a general rate in the dollar for the GRV category. The Shire is proposing differential rates for the GRV category to minimise the impact on rates payers of this valuation changes while achieving the total rates yield required by the Shire to meet its budgetary obligations.

The Shire has experienced a significant increase in outstanding rates due to dwindling population coupled with the economic downturn. Many vacant lands and rundown properties can be seen throughout the Norseman townsite. Further, given the volatility of the mining sectors, it is difficult to predict the amount of the rates that will not be settled.

There is a 0.7% decrease in expected FAG for 2019/20 as the Departments is bringing all local governments to a common scale back.

### **Governance**

The estimated increase in elected members fees and charges (\$13,000), cost associated with outsourcing rating services (\$30,000) and cost of replacing CEO's vehicles (net cost \$25,000) are the key drivers of cost increase within this programme.

**Law, Order and Public Safety**

There are no significant projects planned for 2019/20. It is estimated that the Shire's involvement in managing bushfire emergencies will cost neutral to the Shire.

**Health**

There are no significant projects other than replacement of doctor's vehicle at a net cost of \$23,000.

**Education and Welfare**

Outdoor umbrella to Child Centre with SunSmart funding (\$6,500), an extra \$35,300 for various youth activities including a youth camp with sponsorships amounting to \$15,000.

**Housing**

There are no significant projects planned for 2019/20.

**Community Amenities**

Have proposed a 2% increase in domestic waste service charges and commercial waste service charges.

Recently constructed liquid waste drying beds are not working as effective as designed. The Shire will have to incur approximately \$60,000 to empty those ponds to accommodate townsite residential liquid waste.

\$15,000 to finalise a land use agreement with native title holders to expand the Eucla waste facility.  
\$15,000 to upgrade the footbridge at the intersection of Prinsep Street and Austin Street.

**Recreation and Culture**

Additional income of \$7,000 is estimated hiring out old blowing club building to MEEDAC for Community Development Program (CDP).

\$10,500 additional maintenance costs in relation to the swimming pool, not draining to minimise the risk of structural damages due to the sudden change in pressure from emptying the water.

A provision of \$5,000 to assist Ngadju rangers with various important sites clean-up projects.

Additional \$88,000 for various community events (excluding the Gold Fever Festival) with estimated grant/sponsorships amounting to \$15,000.

**Transport**

All delayed road projects (due to the involvement of Shire's staff in Norseman airport upgrade project) funded by Regional Road Group (RRG) and 2019/20 RRG projects including 2019/20 Road to Recovery (R2R) projects are to be completed in 2019/20 at a total cost of \$1.5 million. The Shire's contribution to these road projects will be around \$440,468.

Upgrade of the footpath from Visitor Centre to Old Eyre Hwy as a stabilised crusher dust footpath at a cost of \$25,000.

Replacement of front end loader and Kubota tractor (mower) at a net cost of \$199,000. It will cost the Shire approximately \$25,000 each to replace the Ranger ute and Works Manager's vehicles.

**Economic Services**

Royalties for Regions, Building Better Regions and Lotterywest funded, the development project of the Woodlands Cultural, Community and Visitor Centre to attract tourists and to promote natural, built and cultural heritage of the Shire of Dundas will be completed during the year with an estimated contribution of \$300,000 from the Shire.

An additional budget of \$40,000 for area promotion and website upgrade. Reduction in rent from old shire building amounting to \$6,000.

Grant of \$60,000 for the Visitor Centre in line with the previous years' grants.

### **Others**

Overall 4% increase in insurance premium mainly due to the revaluation of other infrastructure assets and cost escalation in WorkCare cover.

Estimated 1.5% increase in staff cost.

Community Development Manager

Comment

MEEDAC have met with senior officers to review the way the CDP was previously delivered and to seek opportunity for areas of collaboration, improvement of service delivery and community outcomes. The community of Norseman has in the past seen the benefits of a well-resourced and structured CDP which offers meaningful job opportunities and engagements for clients. Discussions with MEEDAC representatives indicate that this will also be their goal and potential activities with community benefits have been identified.
