Summary

To consider and adopt the Municipal Fund Budget for the 2024/2025 financial year together with supporting schedules, including imposition of rates and minimum payments, adoption of fees and charges, setting of Council members fees for the year and other consequential matters arising from the budget papers.

Background

The draft 2024/2025 budget has been compiled based on the principles contained in the Strategic Community Plan and Plan for the Future. The 2024/2025 draft budget has been prepared in accordance with the presentations made to councillors at information bulletin and budget workshops held between April and June 2024.

Following workshops with staff and Council members on the 2024/25 draft budget and having regard for the plan for the future of the district and initial estimates of the budgeted deficiency for the 2024/25 financial year, the following rate model was proposed:

| Category | Proposed rate in the Dollar \$ | Proposed Minimum Payment \$ |
|-----------------------|-----------------------------------|--------------------------------|
| GRV Townsites | 0.1201 | 400.00 |
| GRV Mining | 0.2401 | 400.00 |
| UV Pastoral | 0.0892 | 400.00 |
| UV Mining Leases | 0.1784 | 710.00 |
| UV Telecommunications | 0.0893 | 200.00 |

The proposed differential general rates were approved by the Council at its special meeting held 14 May 2024, along with revised objects and reasons for proposed rates and minimum payments, and advertised for public comment. No submissions were received by the time the public comment period closed.

Ministerial approval to impose differential rates/minimum payments is not required for the proposed rate model.

Comment:

The budget has been prepared to include information required by the *Local Government Act 1995*, *Local Government (Financial Management) Regulations 1996* and Australian Accounting Standards. The main features of the draft budget include:

- The budget has been prepared with rate yield increases in line with budget workshops held with the executive team and council.
- The Schedule of Fees and Charges have also been reviewed and are itemised in the draft budget.
- Residential and commercial waste charges are proposed to increase by 3% and are itemised in the proposed schedule of fees and charges.
- The recurrent operating budget includes an overall increase in estimated expenditure (although individual line items may vary based on specific factors affecting each of these) and continues the focus on improved service delivery to the community.
- A capital works program totalling \$8.8m for investment in infrastructure, land and buildings, plant and equipment and furniture and equipment is planned. Expenditure on airport infrastructure is the major component of this (\$3.5m). An amount of \$1.6m is provided for roads. Land and buildings represents \$1.6m of capital expenditure in the draft 2024/25 budget.
- No new loan borrowings are proposed.
- Major trading undertaking (Norseman IGA) information is summarised at Note 11 in the draft budget document.
- An estimated surplus of \$3.35m is anticipated to be brought forward from 30 June 2024. However, this is unaudited and may change. Any change will be addressed as part of a future budget review.
- Principal additional grant funding for the year is estimated from:
 - Department of Transport Funding - \$3,380,000 (airport).
 - Black Spot Funding - \$740,000.
 - Regional Road Group - \$418,102.
 - Roads to Recovery - \$441,856.
 - Department of Communities Youth Program - \$92,420.
- The draft 2024/2025 budget continues to deliver on other strategies adopted by the council and maintains a high level of service across all programs while ensuring an increased focus on infrastructure as well as on renewing all assets at sustainable levels.
