---	---	--	---

This plan is prepared for CARTMAN DESIGNS from a field survey for the purpose of showing new constructions on the land and should not be used for any other purpose. Services shown hereon have been located by field survey. Prior to any demolition, excavation or construction on the site, the relevant authority should be contacted for possible location of further underground services and detailed locations of all services. This note is an integral part of this plan. **SHOWING VISIBLE SERVICES ONLY**

**IMPORTANT NOTE:**  
 1. Contour interval 0.1m  
 2. Coordinates are on QLD04 Local Grid on TM projection.  
 3. Datum for levels AHD based on SSM NOR 21, R.L. 276.96m AHD.  
 4. Survey undertaken using Robotic Total Station and RTK GPS.  
 5. Relationship to cadastral boundaries is by RTK GPS and RTS to digital cadastre downloaded from Landgate. For an accurate definition of boundaries a re-establishment survey would be required.  
 6. Due to overwriting some levels have been moved or deleted from this plot for clarity. For further heights the 3D data file should be examined.  
 7. Any modelling undertaken must use 3D triangles supplied with 3D data file, not by using points or contours, as some features within the file contain Z values excluded from correct terrain model.
